Dear Sirs,

Regarding the notice of the Council's intention to appropriate approximately 3 acres of land at Queens Drive to housing use, I write to raise my objection to this intention in the strongest possible terms.

I can see no good or pressing reason for this when Wickleslowe is still largely unfinished and the accused Eastern Villages development has yet to be started.

Why desecrate a small but valuable area of open land providing wildlife and humans some respite from bricks and mortar. Shame on you.

In disgust and despair,
Sveeta Hopkins (Mrs)
