Rank		124	116	134	138	97	94	118	128	101	117

2017 figures are provisional and do not include all re-marks or pupils removed. Due to rescaling of grades to accommodate the new 1-9 grades in English and Maths, 2017 figures are not strictly comparable with 2016.

- Notes:
- 1 Dashed vertical lines used to signify figures not directly comparable with the previous year. Exercise caution.
 - 2 Ranks are with respect to 152 England LAs. Isles of Scilly and City of London may be excluded due to suppressed (or absence of) data.
 - 3 A negative progress score implies on average pupils have progressed less than expected, given their prior attainment.
 - 4 Performance in English & Maths at 5+ is a headline performance measure. Performance at 4+ is a measure comparable to the previous C grade. This carries through to the Ebacc.

--	------	------	------	------	------

# withdrawn PEX	30	30	21	24	30
# PEX + withdrawn PEX	41	44	46	47	74

There are no withdrawn PEX for primary or special school pupils.

2017 exclusions figures are based on estimations using available internal data correct to the end of July 2017 and are subject to change.

DfE figures do not correspond to Swindon internal figures due to data submission discrepancies and how primary-age exclusions from Swindon Academy are counted.

Internal Swindon figures are formatted in red.

Notes:

5. Tech Levels and Applied General qualifications replace the Vocational pathways available prior to 2016. All rankings out of 150 LAs.
6. HE outcomes cover mainstream providers only. Accuracy of figures is affected by the proportion of young people not successfully matched between national databases.
7. Data years refer to the year participating in HE, not the end of KS4 study.
8. HE data for Disadvantaged pupils at Key Stage 5 is not available prior to 2015.
9. The FTE rates are expressed as % of pupils (headcount) in January census. PEX withdrawn are in addition to the PEX recorded.

Notes

10. Percentages are out of schools inspected. Schools considered 'not yet inspected' are excluded from the calculation, in line with DfE methodology
11. 'Current' figures are provisional based on Ofsted reports published, local knowledge and status changes on Edubase and are strictly for internal use.
12. Kingsdown, Lawn Manor and UTC having gone into new MATs have had their Ofsted slate wiped clean, and can no longer be classed as 'inadequate/requiring improvement'.
