

Swindon Borough Council
Licensing Act 2003 – Licensing Panel

NOTICE OF HEARING

Date of Hearing: Wednesday, 19 February 2014

Place of Hearing: Committee Room 6, Civic Offices

Time of Hearing: 5.15 p.m.

Panel Members:

Conservative Councillors

Roderick Bluh

Michael Dickinson

Labour Councillors

John Ballman

Committee Officer: Shaun Banks (Telephone 01793 463606)

Email: email: sbanks@swindon.gov.uk

Address: Swindon Borough Council, Civic Offices, Euclid Street, Swindon SN1 2JH

AGENDA

- 1. Appointment of Chair**
- 2. Apologies for Absence**
- 3. Minutes** (Pages 3 - 12)
To receive the minutes of the meeting held on 11th and 26th November 2013.
- 4. Declarations of Interest**
Members are reminded that at the start of the meeting they should declare any known interests in any matter to be considered, and also during the meeting if it becomes apparent that they have an interest in the matters being discussed.
- 5. Application for the Review of the Premises Licence: Brunel Rooms, 1 Havelock Square, Swindon, SN1 1LE** (Pages 13 - 238)

Date of Despatch: 05 February 2014

Access Arrangements – The Venue is wheelchair accessible and an infrared receiver hearing system is provided. If you would wish to attend the meeting but have any special requirement to enable you to do so please contact the Committee Clerk above, as soon as possible prior to the date of the meeting.

If you would like to receive any of the pages contained in this agenda in a larger print size please contact the Committee Officer whose name appears on the first page of this agenda.

INFORMATION TO ACCOMPANY NOTICE OF HEARING

Action following receipt of Notice of Hearing:

A party shall give to the Licensing Panel within the period of time provided for in the following provisions of this regulation a notice (in the form attached) stating: -

- Whether he intends to attend or be represented at the hearing.
- Whether he considers a hearing to be unnecessary.
- In a case where a party wishes any other person (other than the person he intends to represent him at the hearing) to appear at the hearing, the notice referred to in paragraph (1) shall contain a request for permission for such other person to appear at the hearing accompanied by details of the name of that person and a brief description of the point or points on which that person may be able to assist the authority in relation to the application, representations or notice of the party making the request.

The following notice periods apply:

No later than one working day in respect of:

- Cancellation of interim authority notice following police objection, or
- Counter notice following police objection to temporary event notice.

No later than two working days before the first day of hearing:

- Review of premises licence following closure order or review of premises licence following review notice;
- Determination of application for conversion of existing licence;
- Determination of application for conversion of existing club certificate; or
- Determination of application by holder of justices' licence for grant of personal licence.

In any other case, the party shall give the notice no later than five working days before the day or the first day on which the hearing is to be held.

Right of attendance, assistance and representation:

A party may attend the hearing and may be assisted or represented by any person whether or not that person is legally qualified.

The hearing will take place in public. However the Licensing Panel may exclude the public from all or part of a hearing where it considers that the public interest in so doing outweighs the public interest in the hearing, or that part of the hearing, taking place in public. For these purposes a party and any person assisting or representing a party may be treated as a member of the public.

The Licensing Panel may require any person attending the hearing who in their opinion is behaving in a disruptive manner to leave the hearing and may:

- refuse to permit that person to return, or
- permit him to return only on such conditions as the authority may specify.

Any such person may, before the end of the hearing, submit to the authority in writing any information which they would have been entitled to give orally had they not been required to leave.

Representations and Supporting Information:

At the hearing a party shall be entitled to:

- Give further information as appropriate in response to a point upon which the Licensing Panel has given notice that clarification is required (Note – if clarification is required from any party this will have been indicated in the Notice of Hearing);
 - If given permission by the Licensing Panel, question any other party; and
 - Address the authority.
- Failure of Parties to attend the Hearing

If a party has informed the authority that he does not intend to attend or be represented at a hearing, the hearing may proceed in his absence.

If a party who has not so indicated fails to attend or be represented at a hearing the authority may: -

- Where it considers it to be necessary in the public interest, adjourn the hearing to a specified date, or
- Hold the hearing in the party's absence.
- Where the authority holds the hearing in the absence of a party, the authority shall consider at the hearing the application, representations or notice made by that party.
- Where the authority adjourns the hearing to a specified date it must forthwith notify the parties of the date, time and place to which the hearing has been adjourned

Procedure:

A summary of the procedure that will normally be followed at the hearing is attached.

It should be noted that this is a general procedure intended to cover matters that will normally be applicable at all Hearings. However depending on the circumstances of each individual case, it is recognised that other issues may need to be considered as preliminary points at the hearing. These may include (but are not limited to): -

- Whether to proceed in the absence of a party;
- Whether to admit new documents or information submitted at the hearing;
- Whether it is in the public interest to exclude members of the public from the hearing or any part of it;

- Whether any party wished to withdraw representations previously submitted
- Whether to disregard any information given by a party or any person to whom permission to appear at the hearing is given by the authority which is not relevant to:
 - Their application, representations or notice (as applicable) or in the case of another person, the application representations or notice of the party requesting their appearance, and
 - The promotion of the licensing objectives

**Standard procedure for licensing committee or
licensing panel review hearings**

- 1) The general facts of the review application will be put to the hearing by an officer of the Licensing Authority.
- 2) The applicant for the review will put their case. They will be invited to clarify and support (but not add to) their written submission.
- 3) Members of the Licensing Committee (or Panel) may ask questions arising from this submission, as may any other Member of Swindon Borough Council who is present. The premises licence holder will not be allowed to comment or reply at this stage but may ask the party which applied for the review to give a brief clarification concerning any of the points they have made.
- 4) Ward Members who wish to speak on behalf of constituents who have made representations following the review application or aspects of the review application will be invited to speak. Written notification of those representations must be submitted within the required period of notice.
- 5) Where individuals or organisations have given the required notice that they wish to make relevant representations on the review application, they will be invited one at a time to clarify and support (but not add to) their written submissions. Representations will be heard only from those who have submitted an objection in writing before the deadline given for comments. This restriction applies equally to Members and Officers of the Council.
- 6) Members of the Licensing Committee (or Panel) may ask questions arising from each representation, as may any other Member of Swindon Borough Council who is present. The premises licence holder will not be allowed to comment or reply at this stage but may ask those making representations to give a brief clarification of any of the points they have made.
- 7) Ward Members who wish to speak on behalf of constituents who have made a representation against the review and in support of the premises licence holder will be invited to speak. Written notification of the positive representation must have been submitted within the required period of notice.
- 8) The premises licence holder and / or their solicitor or representative will be invited to make a submission in opposition to the application for review and to respond to points made by

those who submitted the review application or who made representations subsequently. No unreasonable limits will be placed on the right of the applicant to make their case and they may present any documentation they wish, in doing so.

- 9) Members of the Licensing Committee (or Panel) may ask questions arising from the premises licence holder's submission, as may any other Member of Swindon Borough Council who is present.**
- 10) The party which applied for the review and anyone who made representations subsequently will be allowed in turn to ask the premises licence holder to give a brief clarification of any point they have made. They will not be permitted to restate or develop their review application or representation and must limit any further brief comment to issues that arise directly from answers given by the premises licence holder or the premises licence holder's representative.**
- 11) Members of the Committee or Panel hearing the application will then discuss the application in private, accompanied only by non-partisan officers who are there in a support role.**
- 12) Should any person present act in a disruptive manner the Chair will first warn him or her about their conduct and then, if the Chair considers it appropriate, may require the person concerned to leave the meeting forthwith. Where a party to the hearing insists on wasting the time of the hearing by needlessly repeating points that have been well aired and clearly put by earlier speakers, their actions may be judged to be disruptive and they may be asked to leave. It is strongly recommended that any spoken representations from groups of people with common concerns are made through an agreed spokesperson.**

LICENSING PANEL

MONDAY, 11 NOVEMBER 2013

PRESENT:- Councillors Andrew Bennett, Michael Dickinson and Alan Bishop

An apology for absence was received from Councillor Vera Tomlinson.

18. Appointment of Chair

Resolved – That Councillor Michael Dickinson Chair this meeting of the Panel.

(Councillor Dickinson took the Chair.)

19. Minutes

Resolved – That the minutes of the meeting held on 9th and 18th October 2013, be confirmed and signed as a correct record.

20. Declarations of Interest

The Chair reminded Members of the need to declare any known interests in any matters to be considered at the meeting. No declarations were made.

21. Application to Vary the Premises Licence, Punjab Chicken, 61 Bridge Street, Swindon

The Panel considered (a) a report of the Council's Licensing Officer setting out details of an application to vary the Premises Licence held by the Punjab Chicken, 61 Bridge Street, Swindon, (b) a written submission supporting the application for variation received from Planning Concepts and Solutions Ltd on behalf of the Applicant, (c) an objection to the variation application received from Wiltshire Police, (d) additional written submission received from Wiltshire Police supporting their objection to the variation of the premises Licence held by Punjab Chicken, 61 Bridge Street, Swindon, (e) oral representations from Mrs Ephraim (Planning Concepts and Solutions Ltd) and Mr Chhabbi Singh (Applicant) in support of the application submitted, (f) oral representations received from Wiltshire Police in support of their objection, (g) questions from Members to the Premises licence Holder and Wiltshire Police, and (h) the Council's procedure for licensing hearings, Government Guidance and the Council's Licensing Policy.

Resolved – That after considering: -

1. The application for a Variation of the Premises Licence made by Mr Chhabbi Singh to extend the opening hours of the premises from 09:00 – 0300 to 09:00 to 05:00 daily and permitting Late night Refreshments from 23:00 to 05:00 daily.
2. Submissions made by Wiltshire Police opposing the application for a variation of the Premises Licence:

And taking into account: -

1. The Secretary of State's Guidance; and
2. The Licensing Authority Licensing Statement:

And having in mind the promotion of the Licensing Objectives in particular: -
i. The prevention of Crime and Disorder

(1) That the hours of operation for the Premises Licence held by Punjab Chicken, 61 Bridge Street, including Late Night Refreshments be amended accordingly:

Late Night Refreshment

Monday to Wednesday: 23:00 – 05:00
Thursday to Saturday: 23:00 – 03:00
Sunday: 23:00 – 05:00

Opening Hours

Monday to Wednesday: 23:00 – 05:00
Thursday to Saturday: 23:00 – 03:00
Sunday: 23:00 – 05:00

Reasons

(i) The Panel heard evidence from Wiltshire Police that premises were situated in the centre of an alcohol related “Hot Spot” of Anti-Social Behaviour and Crime and Disorder, in close proximity to a number of licensed premises and on a pedestrian red route.

(ii) The Panel heard evidence from Wiltshire Police that incidents within the Night Time Economy Area (which covered the location of the premises) had shown a recent increase which was impacting on the ability of the Police ability to fulfil their functions in attending to and preventing Crime and disorder within the locality in the peak period of Thursday to Saturday.

(iii) The Panel heard evidence from the Police that food outlets within the Night Time Economy area acted as congregation points slowly down the dispersal of patrons leaving pubs and clubs within the immediate vicinity and significantly increasing the potential of flash-points of trouble.

(iv) The Panel heard evidence from the Applicant that he had limited seating capacity in his establishment and the majority of patrons left the premises with their food. The Police evidence suggested that patrons congregated on the street outside the premises or within the immediate vicinity where they consumed the majority of this food.

(v) The Panel heard evidence from the Applicant that his target market was patrons leaving the licensed premises in the area and that he didn’t intend to offer a take away service during any extended hours. The Police view of this operating model was that this heightened the risk of Crime and Disorder.

(vi) The Panel granted extended hours of operation on Sunday to Wednesday as the Police evidence was based on issues relating to Thursday to Saturday evenings.

(vii) The Panel took into account the written submission by Planning Concepts and solutions Limited and in particular the points made regarding the location of the premises, dispersal of customers, noise issues, other businesses in the locality and measures taken by the Applicant to allay police concerns.

(viii) The Panel also took into account submissions by the Applicant regarding the operation of the premises and the history of hours of operation.

(2) That the following condition shall be applied to the revised Premises Licence:

A minimum of 1 door supervisor shall be deployed at the premises on Sunday following a Bank Holiday from 03:00 until the close of business. A record of the name, badge number and contact details of each door supervisor shall be recorded in a register at the start of each shift. The register shall be retained on the premises and made available for inspection by a police officer or authorised officer on request.

Reasons

(i) To assist the management in ensuring that the Licensing Objectives were not undermined.

(ii) To maintain order at the premises and the safety of patrons and to cater for an expected rise in patrons on Sundays following a Bank Holiday.

The Chair reminded both parties that they had the right of appeal to the Magistrates Court against the determination of the Panel and that any such appeal must be commenced within 21 days of the determination being sent to both parties.

LICENSING PANEL

TUESDAY, 26 NOVEMBER 2013

PRESENT:- Councillors Abdul Amin, John Ballman and Alan Bishop.

22. Appointment of Chair

Resolved – That Councillor Alan Bishop Chair this meeting of the Panel.
(Councillor Bishop took the Chair.)

23. Declarations of Interest

The Chair reminded Members of the need to declare any known interests in any matters to be considered at the meeting. No declarations were made.

24. Application to vary the Premises Licence in respect of the Lydiard Park, Swindon, SN5 3PA

The Panel considered (a) a report of the Council's Licensing Officer setting out details of an application for a variation to the Premises Licence held by Lydiard Park, Swindon, (b) written representations from local residents against the grant of the variation, (c) additional representations (emails) by objectors, maps and photographs tabled at the meeting, (d) oral submissions by Hilary Coates, Maria Blackmore and John Bennett (parish council representatives and local residents) against the grant of the variation of the Premises Licence, (e) submissions received in support of the application received from Stuart Webb (Lydiard Park Manager), Ian Surtees (Commercial Manager Leisure, Swindon Borough Council), and Tim Stevens (Best Parties Ever) in support of the application, (f) questions from Members to the applicants and objectors and answers received, and (g) the Council's procedure for licensing hearings, the Secretary of State's Guidance and the Council's Licensing Policy.

Resolved - After considering: -

1. The application for a variation to the Premises Licence made by the Licensee; and
2. Representations and material put forward on behalf of the Objectors;

And taking into account: -

1. The Secretary of State's Guidance; and
2. The Licensing Authority Licensing Statement:

And having in mind the promotion of the Licensing Objectives in particular: -

- i. The prevention of public nuisance

That subject to the conditions set out the following licensable activities be approved and the Premises Licence held by The Lydiard Park, Swindon, be varied accordingly, subject to the conditions set out in this decision.

Sale by retail of Alcohol

Monday to Sunday 09:00 – 01:00

Films, Plays and Performance of Dance

Monday to Sunday 09:00 – 00:00

Live Music and Recorded Music

Monday to Sunday 09:00 – 01:00

Late Night Refreshment

Monday to Sunday 09:00 – 01:00

Condition

(1) Licensable activities shall be permitted until 1am between 19th November and 22nd December annually, and that for the period 23rd December to 18th November the existing licensable hours and conditions shall remain in force.

Reasons

(i) To define the scope of the varied licensable activities and to protect the amenities of local residents.

(ii) That the varied licensable activities approved were subject to conditions offered by the applicant and it was determined that approval of such hours for a limited period subject to those could be conditions would ensure minimal impact on the amenities of local residents.

(iii) The Panel heard evidence as to the experience of the promoter in running similar events around the Country which had not reported any problems and noted that references had been sought as to the conduct of events in other Licensing areas.

(iv) The Panel noted that during this period potential noise nuisance would be reduced by the likelihood that local properties would not have windows and doors open during the extended licensing period of 00:00 to 01:00.

Condition

(2) The additional hour until 1am shall be in operation for no more than 16 event days per annum.

Reasons

(i) To define the scope of the varied licensable activities and to protect the amenities of local residents.

(ii) The limit on the number of days on which licensable activities could be held was offered by the applicant as the maximum numbers of days that when events would be held on in any given year, and the Panel determined that this would assist in ensuring minimal impact on the amenities of local residents.

Condition

(3) That all permitted licensable activities granted under this permission shall be held in the area marked on the map, tabled at the meeting, as the Events Field.

Reasons

(i) To define the scope of the varied licensable activities and to protect the amenities of local residents by way of ensuring that the conditions approved by the Licensing Panel were effective and tailored to a specific area of the site covered by the Premises Licence.

(ii) That the definition of the area where the proposed event could be held meant that neighbouring properties were at least 600 metres from the event and in the case of Lydiard Millicent approximately 900 metres in distance which with conditions would limit any noise impact on neighbouring properties.

Condition

(4) All amplified music shall be played through a noise limiting device by the Licensing Authority. All amplified music shall be played through the said limiter at all times.

Reasons

(i) To reduce the risk any noise levels escaping from the marquees and/or any other approved structure and help prevent potential noise nuisance to neighbouring properties.

Condition

(5) The limiter shall be set at a level agreed by the Licensing Authority, or such persons as authorised by the Licensing Authority, after 8:00 pm on the night preceding the first event and shall not be increased without the written permission of the Licensing Authority.

Reasons

(i) To ensure noise levels within the marquees and/or any other approved structure are set at an appropriate level and to help prevent potential noise nuisance to neighbouring properties.

(ii) To reduce the risk of changes in atmospheric conditions that might lead to an increase in sound omissions from the event causing a nuisance to neighbouring properties.

Condition

(6) That the Event Organiser shall monitor noise levels in up to 5 key locations, including Lydiard Millicent during the period of Licensable activities, and at least one test will be held during the period 00:00 to 01:00 during the first three events. A written record of the location, time, assessment of the noise levels and any remedial action required shall be kept in writing and made available to the Licensing Authority upon request. Should noise from the events be audible to the Events Manager following a report from a local resident or parish council the Events Manager shall assess the likelihood of disturbance to neighbouring properties and, if necessary, reduce the sound levels at the event. A copy of any reports to the Events Manager and actions undertaken shall be put in writing and made available to the Licensing Authority upon request. The Events Manager shall be deemed as the responsible person for dealing with complaints and taking appropriate action to reduce noise levels as necessary. Following the first three events should no remedial actions be necessary to reduce sound levels the monitoring of noise levels shall be undertaken once per night.

Reasons

- (i) To ensure noise levels within the marquees and/or any other approved structure are set at an appropriate level and to help prevent potential noise nuisance to neighbouring properties.
- (ii) A condition on noise monitoring was proposed by the applicant and the Licensing Panel and amendments to the submitted proposal to take into account the concerns of local residents.

Condition

(7) The event organisers shall send a letter to all residents on the nearest five roads to the event and this letter shall include details of the days and timings of each event together with the contact details, in the form of the name and mobile telephone number of the Event Manager for contact should any noise disturbance occur. In the event of any calls from neighbouring properties or the adjoining parish council the Events Manager shall assess the likelihood of disturbance to neighbouring properties, and if necessary reduce the sound levels at the event. The mobile telephone of the Events Manager shall remain switched on during all entertainments authorised by the varied premises licence. A copy of any reports to the Events Manager and actions undertaken shall be put in writing and made available to the Licensing Authority upon request.

Reasons

- (i) To ensure noise levels within the marquees and/or any other approved structure are set at an appropriate level and to help prevent potential noise nuisance to neighbouring properties.
- (ii) A condition on noise monitoring was proposed by the applicant and the Licensing Panel and amendments to the submitted proposal were made to take into account the concerns of local residents.

Condition

(8) The events manager shall ensure that the speaker orientation ensures that the output is directed onto the dance floor to prevent noise breakout to the outside of the hard-sided structure. Furthermore, no bass amplification shall be permitted during the events authorised by the premises licence.

Reasons

(i) To ensure noise levels within the marquees and/or any other approved structure are of an appropriate nature and to help prevent potential noise nuisance to neighbouring properties.

(ii) A condition on preventing bass amplifiers was proposed by the applicant and the Licensing Panel determined that this condition would help prevent noise emanating from the event which might give rise to noise nuisance.

Condition

(9) All cars, or vehicles accessing the site in relation to the event, shall after the commencement of activities, use the two car parks at Lydiard Park.

Reasons

(i) To prevent potential noise nuisance to neighbouring properties arising from people arising or leaving the event through private transport or by way of taxis or other hired vehicles.

(ii) To ensure that patrons attending events did not cause nuisance to neighbouring streets and to facilitate people leaving the venue by accessing their transport from the car park.

Condition

(10) All access to the site related to licensable activities after 7:00pm shall be via the Hook Street entrance.

Reasons

(i) To prevent noise nuisance to neighbouring properties arising from people arising or leaving the event through private transport or by way of taxis or other hired vehicles.

Condition

(11) All event activities shall be held in marquees and/or other suitable enclosures approved in writing by the Licensing Authority.

Reasons

(i) To ensure noise levels within the marquees and/or any other approved structure

are set at an appropriate level and to help prevent potential noise nuisance to neighbouring properties.

(ii) To ensure all activities are within approved structures in order that any noise arising is retained on site.

The Chair reminded all parties that they had the right of appeal to the Magistrates Court against the determination of the Panel and that any such appeal must be commenced within 21 days of the determination being sent to them.

**Application for the Review of the Premises Licence:
Brunel Rooms, 1 Havelock Square, Swindon, SN1 1LE**

Licensing Panel

Date 19 February 2014

Author: Licensing Officer

Wards Affected: Central

Purpose

- To consider the application made by Wiltshire Police under the prevention of crime & disorder and public safety licensing objectives and, to determine the application in view of the information put forward by the licence holder and persons making relevant representations.

Recommendation

The Licensing Panel is asked to consider the application and having regard to the information put forward by the licence holders and any relevant representations, take such steps (if any) that are considered appropriate for the promotion of the licensing objectives. The steps that may be taken are:

- (a) to modify the conditions of the licence by altering or omitting existing conditions or adding new conditions;
- (b) to exclude a licensable activity from the scope of the licence;
- (c) to remove the designated premises supervisor;
- (d) to suspend the licence for a period not exceeding three months;
- (e) to revoke the licence.

1. Reasons

- 1.1 An application to review a premises licence must be determined by the Licensing Authority and the Licensing Panel has a duty to undertake the functions of the Licensing Authority, where these have been delegated by full Council.

2. Detail

- 2.1 An application for the review of the premises licence held by the Brunel Rooms Limited for the Brunel Rooms, 1 Havelock Square, Swindon, SN1 1LE has been made by the Chief Constable of Wiltshire Police under the prevention of crime & disorder and public safety licensing objectives. This is attached as **Appendix A**.
- 2.2 The grounds for the review are:
 - 2.2.1 The failure to meet the licensing objective of the prevention of crime and disorder due to a number of incidents of crime and disorder linked to the premises;

Further information on the subject of this report can be obtained from Kathryn Ashton on 01793 466113 or e-mail kashton@swindon.gov.uk

**Application for the Review of the Premises Licence:
Brunel Rooms, 1 Havelock Square, Swindon, SN1 1LE**

Licensing Panel

Date 19 February 2014

- 2.2.2 The failure to meet the licensing objectives of the protection of public safety due to incidents involving injury; and
- 2.2.3 Failure of the management and premises licence holder of the premises to uphold the licensing objectives.
- 2.3 Information from Wiltshire Police to support the application is set out in the application and associated documents attached to the application (**Appendix A**).
- 2.4 The application was received by Swindon Borough Council (the Licensing Authority) on 13 December 2013 and advertised in accordance with the statutory requirements to invite representations from responsible authorities and other persons.
- 2.5 A representation has been received from one Ward Councillor and from one resident. These are attached as **Appendix B**.
- 2.6 The premises licence was first granted to Brunel Rooms Limited at a hearing held by Swindon Borough Council on 24 July 2013.
- 2.7 The licence has subsequently been varied to change the premises supervisor and to replace the condition that required “all glasses used on the premises to be Polycarbonate shatter to safe plastic, paper or other inherently safe container approved in writing with the Licensing Authority”, with the following condition:
- Only polycarbonate, shatter-to-safe, plastic, paper or other inherently safer types of container shall be used in the premises, other than in 'The Gold Lounge' area of the premises located in a self-contained room off the main nightclub on the second floor of the premises, where glasses and glass bottles may be used. Security staff shall be located at both entrances/exits to the area when it is in use to prevent the removal of glasses or glass bottles.*
- All bottled drinks served in any part of the premises, other than 'The Gold Lounge', shall be decanted into plastic vessels unless the bottles are also plastic.*
- 2.8 The current premises licence is attached as **Appendix C**.
- 2.9 The Panel is requested to consider the application to review the premises licence and the information put forward by the licence holder and those persons making relevant representation, having regard to the Swindon Borough Council's Statement of Licensing Policy and the Guidance issued by the Secretary of State under section 182 of the Licensing Act 2003.

Further information on the subject of this report can be obtained from Kathryn Ashton on 01793 466113 or e-mail kashton@swindon.gov.uk

Application for the Review of the Premises Licence: Brunel Rooms, 1 Havelock Square, Swindon, SN1 1LE

Licensing Panel

Date 19 February 2014

2.10 The Sub-Committee may take such steps as set out in section 52(4) of the Licensing Act 2003, if any, that it considers are appropriate for the promotion of the licensing objectives. The steps are:

- (a) to modify the conditions of the licence (i.e. altering or omitting existing conditions or adding new conditions;
- (b) to exclude a licensable activity from the scope of the licence;
- (c) to remove the designated premises supervisor;
- (d) to suspend the licence for a period not exceeding three months;
- (e) to revoke the licence.

3 Alternative Options

3.1 None

4 Implications, Diversity Impact Assessment and Risk Management

Financial and Procurement Implications

4.1 There are no direct financial implications arising from the report. Failure to reach a reasonable conclusion, based on the facts, could lead to crime & disorder or nuisance to the public or to unwarranted damage to the business in question. Either scenario could raise issues of compensation. In the case of an appeal, the Council could become liable for costs.

Legal and Human Rights Implications

4.2 A declaration has been made by the Secretary of State, that the Licensing Act is compliant with the Human Rights Act. None of the relevant Articles of the Human Rights Act has absolute sway over the others. Article 8 deals with a right to undisturbed home life; Article 10 gives the right to free expression, including the right to entertain; Article 1 of the Protocol says that licences are 'possessions', which the holder has a right to enjoy. Common sense has to be used, in balancing each of these against the other.

All Other Implications (including Staff, Sustainability, Health, Rural, Crime and Disorder)

4.3 This report relates to the requirements of Licensing legislation

Links to Corporate Plans and Policies (in particular to Swindon 2010 Promises)

4.4 The determination of the application will be made in accordance with set legal principles. The exercise of licensing powers by the Panel relates particularly to the LAA outcome of reducing crime and the fear of crime.

Diversity Impact Assessment

4.5 There is no DIA prepared in conjunction with this report

Further information on the subject of this report can be obtained from Kathryn Ashton on 01793 466113 or e-mail kashton@swindon.gov.uk

Application for the Review of the Premises Licence: Brunel Rooms, 1 Havelock Square, Swindon, SN1 1LE

Licensing Panel

Date 19 February 2014

Risk Management

- 4.6 There is a theoretical risk of civil action against the Licensing Authority if it is found not to have exercised due diligence in licensing matters. There is also the risk of judicial review if the Policy is found not to comply with the requirements of the Licensing Act 2003 and associated legislation, regulations and guidance.

5 Consultees

- 5.1 The Board Director Finance, Revenues, Benefits and Property (Section 151 Officer) and Director of Law and Democratic Services (Monitoring Officer) are consulted in respect of all reports.

6 Alternative Options

It would be possible to defer the determination of the application to a date within five working days of the day (or the last day) on which the hearing was held, or to defer the hearing itself to a specified date (or dates) where it is considered to be necessary for the authority's consideration of any representation or notice made by a party. However, either step should be seen as an exceptional measure.

7 Background Papers

- 7.1 [Licensing Act 2003](#)
- 7.2 [Swindon Borough Council's Statement of Licensing Policy](#)
- 7.3 [Amended Guidance Issued Under Section 182 of the Licensing Act 2003 \(October 2012\)](#)
- 7.4 [Licensing Panel report and minutes of hearing held on 24 July 2013 to determine the application for the premises licence to be granted in respect of the Brunel Rooms, 1 Havelock Square, Swindon, SN1 1LE](#)

**Application for the review of a premises licence or club
premises certificate under the Licensing Act 2003**

PLEASE READ THE FOLLOWING INSTRUCTIONS FIRST

Before completing this form please read the guidance notes at the end of the form.
If you are completing this form by hand please write legibly in block capitals. In all
cases ensure that your answers are inside the boxes and written in black ink. Use
additional sheets if necessary.

You may wish to keep a copy of the completed form for your records.

I SIAN KALYNKA on behalf of the CHIEF CONSTABLE OF WILTSHIRE POLICE
(Insert name of applicant)

**apply for the review of a premises licence under section 51 / apply for the
review of a club premises certificate under section 87 of the Licensing Act 2003
for the premises described in Part 1 below (delete as applicable)**

Part 1 – Premises or club premises details

Postal address of premises or, if none, ordnance survey map reference or description BRUNEL ROOMS 1 HAVELOCK SQUARE	
Post town SWINDON	Post code (if known) SN1 1LE

Name of premises licence holder or club holding club premises certificate (if known) BRUNEL ROOMS SWINDON LIMITED

Number of premises licence or club premises certificate (if known) 881130382LAPVM

Part 2 - Applicant details

I am

Please tick yes

- 1) an interested party (please complete (A) or (B) below)
- | | |
|--|--------------------------|
| a) a person living in the vicinity of the premises | <input type="checkbox"/> |
| b) a body representing persons living in the vicinity of the premises | <input type="checkbox"/> |
| c) a person involved in business in the vicinity of the premises | <input type="checkbox"/> |
| d) a body representing persons involved in business in the vicinity of the
premises | <input type="checkbox"/> |
- 2) a responsible authority (please complete (C) below) ☒

- 3) a member of the club to which this application relates (please complete (A) ☐ below)

(A) DETAILS OF INDIVIDUAL APPLICANT (fill in as applicable)

Please tick

Mr ☐ Mrs ☐ Miss ☐ Ms ☐ Other title
(for example, Rev)

Surname

First names

I am 18 years old or over

Please tick yes

☐

This application to review relates to the following licensing objective(s)

Please tick one or more boxes

- 1) the prevention of crime and disorder
- 2) public safety
- 3) the prevention of public nuisance
- 4) the protection of children from harm

<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>
<input type="checkbox"/>
<input type="checkbox"/>

Please state the ground(s) for review (please read guidance note 1)

- The failure to meet the licensing objective of the prevention of crime and disorder due to a number of incidents of crime and disorder linked to the premises.
- The failure to meet the licensing objective of the protection of public safety due to incidents involving injury
- Failure of the management and premises licence holders of the premises to uphold the licensing objectives.

Please provide as much information as possible to support the application
(please read guidance note 2)

Wiltshire Police have identified that there has been an increase in crime and disorder in the area the Brunel Rooms is situated and since the opening of the premises on the 1st August 2013 there have been a number of arrests and incidents directly attributable to the premises.

There have also been breaches of licence conditions and the premises was identified as allowing glass bottles into the main area of the nightclub which is prohibited and on this same evening a male was assaulted with a glass bottle and injured.

The additional information attached to this review application provides evidence of the incidents at the premises which also highlights that many of the individuals involved have high levels of drunkenness.

There is evidence that there has been disregard by the premises management and owners for public safety and they have been in part responsible for members of the public becoming victims of crime resulting in physical injury.

When the premises licence application was applied for efforts were made to ensure the premises would be able to ensure the licensing objectives could be achieved through the conditioning of the licence. It has become apparent that conditioning the licence has had limited success and has seen the premises management and licence holders fail to uphold these. On occasions they have shown to have little regard for the licence conditions allowing entry to the premises to friends and acquaintances after the last entry time.

Wiltshire Police have maintained regular contact with the DPS of the premises in the form of monthly meetings and email exchanges in order to prevent incidents occurring at the premises. However incidents have continued and there has been no evidence of other members of the management team taking on board our concerns and those of the DPS.

Wiltshire Police feel that they have been left with no option than to request the licensing committee consider revocation of the premises licence in order to protect the public and prevent further crime and disorder at the premises.

Should the committee consider revocation inappropriate then Wiltshire Police would ask that a period of suspension to the premises licence be made to allow the premises to reorganise and change their management structure and team. We also request that the management team undertake some form of qualification that will provide them with the knowledge and understanding in relation to their duties as operators of a licensed premise.

As well as a period of suspension the committee are asked for further conditions be imposed onto the premises licence

- 1) To prevent Jason Ranford from being present and having an operational role at the premises when it is open to members of the public and
- 2) that only polycarbonate/plastic receptacles be used throughout the entire premises.

Evidence supporting this application is attached in the form of a statement from Licensing Officer Sian Kalyinka and additional information containing evidence of incidents and issues at the premises.

Please tick yes

Have you made an application for review relating to this premises before ☐

If yes please state the date of that application Day Month Year

If you have made representations before relating to this premises please state what they were and when you made them

Please tick yes

- I have sent copies of this form and enclosures to the responsible authorities and the premises licence holder or club holding the club premises certificate, as appropriate ☒
- I understand that if I do not comply with the above requirements my application will be rejected ☒

IT IS AN OFFENCE, LIABLE ON CONVICTION TO A FINE UP TO LEVEL 5 ON THE STANDARD SCALE, UNDER SECTION 158 OF THE LICENSING ACT 2003 TO MAKE A FALSE STATEMENT IN OR IN CONNECTION WITH THIS APPLICATION

Notes for Guidance

1. The ground(s) for review must be based on one of the licensing objectives.
2. Please list any additional information or details for example dates of problems which are included in the grounds for review if available.
3. The application form must be signed.
4. An applicant's agent (for example solicitor) may sign the form on their behalf provided that they have actual authority to do so.
5. This is the address which we shall use to correspond with you about this application.

**IN THE MATTER OF AN APPLICATION BY THE CHIEF CONSTABLE OF
WILTSHIRE POLICE FOR A LICENSING REVIEW OF A PREMISES LICENCE
FOR THE BRUNEL ROOMS, 1 HAVELOCK SQUARE, SWINDON SN1 1LE.**

STATEMENT OF SIAN KALYNKA

I, **SIAN KALYNKA**, Licensing Officer, Licensing Department, Divisional Police
Headquarters, Gablecross Police Station, Swindon, Wiltshire SN3 4RB will say as follows:

1. I am a Police Licensing Officer for Wiltshire Police, having joined the Force in November 2009. I make this statement on behalf of the Appellant in these proceedings.
2. My role involves covering all licensed premises within the Borough of Swindon. I am the main point of contact within the Police for all matters related to licensed premises; I deal with applications on behalf of the Chief Constable. I work closely with Police Officers and Police Community Support Officers to identify premises which can be linked to high levels of crime, disorder and anti-social behaviour. I also provide support and guidance to licensees in relation to any issues or problems they may have at their premises.
3. In a crime prevention role I can offer advice, guidance and signposts to other organisations such as the Security Industry Authority. At enforcement level I am

responsible for submitting applications for review if, following consultation with licensed premises, the relevant legislation is not being adhered to. I also contribute to Police operations that are established to ensure compliance with licensing legislation. These include licensing visits, test purchases and drugs dog operations.

4. The Chief Constable of Wiltshire Police has made an application to review the premises licence of Brunel Rooms, 1 Havelock Square, Swindon, SN1 1LE ("the premises"). The premises licence is held by Brunel Rooms Swindon Limited, 1 Havelock Square, Swindon, SN1 1LE. Nathan Hatter is the Designated Premises Supervisor ("DPS") of the premises.
5. The Brunel Rooms is a 1500 capacity nightclub situated in Havelock Square in Swindon Town Centre. The premises provides entertainment in the form of guest DJ's and under 18 nights.
6. The premises licence was granted on the 24th July 2013 following a licensing hearing due to representations from the Chief Constable of Wiltshire Police on the grounds of Crime and Disorder and Public Safety.
7. The licence was issued with a number of conditions placed on the licence in agreement with the licence holders and Wiltshire Police. The premise has an operating time of 1000-0100hours Sunday to Wednesday and 1000-0300hours Thursdays and 1000-0400hours Friday and Saturday. The sale of alcohol on Fridays and Saturdays is permitted between 1000 – 0300hours. Six times a year the premises can hold "all night events" between the hours of 1000 – 0600hours.
8. Prior to this new application the premises operated as Liquid and Envy for 3 years

until it was closed by the operating company Luminar when it went into administration. Prior to the closure of the premises a review application had been made in 2010 on grounds of crime and disorder at the premises which resulted in a number of conditions and a reduction in operating hours.

9. Wiltshire Police raised concerns at the application hearing in July that a new premises licence in the area of Havelock Square would not and could not prevent crime and disorder and protect public safety. This was based on evidence of the previous premise that operated in this area as well policing experience.
10. Statutory Guidance under s182 of the licensing Act 2003 at 9.12 highlights the fact that the police are an essential source of information and advice on the impact and potential impact of licensable activities particularly on crime and disorder objective. It also advises that the *"police should be the licensing authority's main source of advice on matters relating to the promotion of crime and disorder(-)and should accept all reasonable and proportionate representations made by the police unless the authority has evidence that to do so would not be appropriate for the promotion of the licensing objectives"*.
11. The opening night of the Brunel Rooms was the 1st August 2013 and since that date there have been a number of incidents of crime and disorder that involve the premises customers and also incidents that involve members of the management team. These incidents are evidenced in the additional information attached to the review.
12. Analysis has been carried out to show the impact the Brunel Rooms has had on crime and disorder in the Swindon Town Centre Night Time Economy. Chart 1 at

page 1 in the additional information shows that there is a noticeable peak in incidents occurring in August 2013.

13. Hotspot mapping at Page 2 also indicates that in the 4 months since the premises have opened a hotspot is emerging in the area which did not previously exist. This is further evidenced when the top 10 streets for Night Time Economy related incidents are compared pre and post opening of the premises at page 3. Havelock Square is now location number four for NTE related incidents that have occurred in the location since the 1st August 2013. In the period of the 1st April 2013 to 31st July 2013 Havelock Square was in 15th place for the number of NTE related incidents occurring in the location.
14. The analyst carrying out the research does highlight that 4 months is a short period for the real impact of the premises to be known in terms of statistics however it is clear that the premises has caused crime and disorder since they have opened due to the incidents that are included in the additional information pages 4-105.
15. A policing operation was specifically organised for the premises opening night on the 1st August 2013 due to the numbers expected to visit the premises. The early part of the evening began well with few incidents at the premises and any issues were raised immediately with the DPS.
16. I made a licensing check at 02.20hours before I was due to go off duty. It was clear on arrival that a disorder had occurred as people were shouting and tensions were running high. I remained in the area and observed a number of groups and watched as a female in one of these groups throw a barrier towards the doorstaff. At this point I was told by door staff that a family who had had use of the private

room all evening had left approximately an hour before but had remained in the area arguing. It was clear that there were a number of drunk people still arguing which is when a male punched another male to the head causing him to make contact with a bollard outside of the premises. I radioed for uniform police to attend the area as disorder had broken out following this assault. From this incident there were two arrests for drunk and disorderly although there clearly could have been more had there been more police officers available. Sergeant Anger was concerned for his staff's safety and removed the officers from the area as soon as he could due to the hostility from the crowd that had gathered. (additional information pages 4-6 and 28-38)

17. Over the course of the opening weekend a male was arrested for three separate assaults and describes himself as being very drunk and having spent the night drinking at the Brunel rooms. A male was also arrested for being drunk and disorderly. (additional information pages 39-46)
18. Since that weekend there have been regular reports of drunkenness and assaults relating to the premises. One such incident is a female who had called to report her phone stolen as she could not remember what had happened to it the night before as she could not remember much after she got to the Brunel Rooms. Once officers have investigated this incident it transpired that she matched the description of a female we received a call about at 00.25 hours of a female lying in Commercial Road on her own that was intoxicated which caused a concerned member of the public to call in and report it. It is unclear if she had consumed alcohol at the premises but she states that she had been at the premises and clearly would have been identified as being drunk and should have been refused entry. (Additional Pages 48-51)

19. The premises also held an after party on the 24th September 2013 which was the night of the Swindon Town v Chelsea football game. Most people seemed to have left the premises by 0200hours however a log was received from Brunel Security at 03.57hours that a fight was occurring on the ramp from the upstairs of the premises that leads to Commercial Road. A call was then received by a male who stated he had been beaten up and his money taken. The officer that attended sent an email that night explaining the log and that the fight had started inside the venue and was pushed out of the premises. PC Hastings also stated that all the people involved were heavily intoxicated. (Additional information Pages 66-70)
20. I reviewed the CCTV later that day which was supplied by the DPS of the premises who was surprised to hear that people had still been in the premises at that time of the morning. The CCTV shows a disorder occurring inside and the assistant manager, Jason Ranford pushing parties out to the smoking area and onto the ramp and closing the doors behind him.
- Despite it being a private party it should not be for the police to deal with the fallout of people attending the party becoming far too drunk and ending up fighting.
21. The most recent violent incident that has led Wiltshire Police to instigate the review application occurred on the 03/11/13 at 0300hours. That night an act named Wiley was due to attend the premises but he failed to do so causing a number of unhappy customers at the premises. The premises does not appear to have a contingency plan of how to respond when an act fails to appear causing customers to react in a hostile manner.
22. Officers attended the premises at 0303hours to find a male had been 'bottled' in the

VIP area causing injury and that the atmosphere was heated and hostile. All units were requested to attend the premises at this point to ensure order was kept in the area and so that they could assist door staff in dealing with the customers. This meant that all available officers within Swindon at that time were sent to this area in order to deal with the situation at this one licensed premise.

23. One male was initially arrested for being drunk and disorderly and became violent upon arrest, assaulting officers. This male caused one officer to sustain a fractured hand and another officer to have a bruised finger. Police officers had to use batons, incapacitant spray and force to gain control of this male. He was later arrested for assaulting a police officer and this is currently being investigated by CID.
24. Police Sergeant ("PS") Spargo describes in her statement the incident at the premises. PS Spargo describes how she did not get a chance to caution the male on arrest due to the male violently struggling against her and PC Winter. PS Spargo also mentions the fact that in thirteen years of policing she has never and to use her ASP baton against someone. The Additional information pages 89-105.
25. On that evening a second male was also arrested for being drunk and disorderly as he was refusing to listen to officer's directions and trying to become involved in the incidents officers were dealing with. Upon speaking to the Police Officers that were in attendance on this evening they would have made many more arrests if their capacity had allowed it.
26. After investigating the incident from the 3rd November 2013 it became apparent that it was not just crime and disorder occurring at the premises but conditions was also breached at the premises. A photograph was seen on the premises

facebook site of individuals in the main room of the premises holding champagne bottles. There is a specific condition on the licence preventing glass being used anywhere in the premises except from the VIP lounge. This condition has been breached and is made worse by the fact that the head doorman can also be seen in the picture behind the males with the glass bottles. Due to this breach and the bottling of a male inside the premises the DPS was asked to stop the service of glass in all areas of the premises to ensure that the public safety objective was met at the premises. This was agreed in the meeting that was held with the DPS on the 6th November 2013.

27. A further breach of licence has also been identified at the premises as it has been known that Jason Ranford whilst positioned on the entrance of the premises has allowed access after the last entry time to his friends and acquaintances. Several of these males are known to be banned on pubwatch but had been granted access to the premises anyway. This information was provided by way of an intelligence report submitted following a report of a disorder at Regent Circus. Additional information pages 52-54. This was highlighted at a meeting with Jason Ranford on the 11th December 2013 when he stated that he had previously allowed this to happen but stated that he would not do this again by not being present on the entrance to the premises.
28. At the original hearing for the application of the premises licence for the Brunel Rooms I raised concerns about the ability of the Directors of the company and the management and in particular the suitability of Jason Ranford as a director and assistant manager of the premises. A number of incidents have occurred over the last 4 months that have involved the management at the premises and these are contained in the additional information pages 4-27.

29. The concerns regarding Jason Ranford came to the fore on the 4th October 2013. A male was arrested at the premises for being drunk and disorderly. Upon the males arrival at custody officers noted that the male had sustained an injury to his left cheek bone with some large swelling and he was taken to GWH. PC Shanklin attended Brunel Security control room to view the CCTV of the incident. PC Shanklin identified Jason Ranford stood at the entrance to the premises and saw the arrested male being ejected. The male was restrained on the floor by doorstaff when he was ejected and Ranford was seen to become involved. During the incident Jason Ranford punches the male to the face several times, possibly stamps on the males hand when he is on the floor and also knees the male in the face. Jason Ranford is not a licensed SIA door supervisor and there were sufficient numbers of door staff at the scene to deal with the male but Ranford became involved. Upon investigating this the next day the incident log recorded by the door staff does not reflect accurately what was seen on CCTV. Jason Ranford initially stated he was protecting himself in self defence from the drunk man however when he was appearing in court two days later he pleaded guilty to the assault and received a 4 week custodial sentence that was tagged onto the 20 week sentence for other offences. (additional information 24-25)
30. I was very concerned that this had taken place as I had met with the DPS that day on Thursday the 3rd October 2013 and in the meeting raised concerns about Jason Ranford being positioned on the entrance to premises. I was disappointed as my concerns had not been listened to and a member of public had come to harm due to a member of management at the premises.
31. Shortly after this incident a meeting was arranged on the 7th October 2013 with the DPS Nathan Hatter, and the 2 owners Helene Simpkins and Paula Harris.

Wiltshire Polices concerns regarding the involvement of Jason Ranford with the business were discussed in detail. They were asked to consider the extent of Jason Ranford's involvement at the premises as they stated he was not anything formally to do with the business. They were also informed that Wiltshire Police believe that the premises cannot achieve the licensing objectives with this individual being involved in the running of the business and that there is always going to be a risk to the public and their customers should he be involved in the operational running of the premises.

32. During this meeting with the DPS and owners they stated that when Jason Ranford is drinking he does things that he should not and that they had previously asked the security not to let Jason in when he had been drinking. Doorstaff have since told me that they found it difficult with Jason Ranford being present on the door as he would pull rank over them and state that it was his business and they should do as he says. Concerns regarding Jason Ranford's presence on the door were discussed several times at meetings with the DPS. From the outside it seems very much like Jason Ranford did and does whatever he felt like and that nobody could stop that whether it put the public at risk or not.
33. This meeting concluded with Inspector Burt and I asking the three to go away and think about what was discussed and to let us know what the decision regarding Jason Ranford's involvement at the premises would be. This meetings note are detailed at page 117-118.
34. Shortly after this meeting an article appeared in the Swindon Advertiser quoting a statement on the premises face book page "...Mr Jason Ranford will have no future involvement with the operation of the Brunel Rooms..." Additional information page 123.

35. On the 6th November I met with Nathan Hatter the DPS and informed him of the decision to make an application for review of the premises licence due to the crime and disorder and concerns that Wiltshire Police have regarding the premises. Before this meeting Wiltshire Police had heard nothing from the owners of the business following the meeting in October. On the 8th November Nathan Hatter sent on an email advising on some changes at the premises and that Helene and Paula would forward on details of Jason Ranford's removal from the company as soon as the paperwork is done. Additional information page121
36. As of 12th December 2013 no paperwork has been forwarded to Wiltshire Police. A meeting took place with Jason Ranford and I on the 11th December 2013 following his release from prison where he advised me that he would still be working at the premises as he was part of the business. I expressed my concern at this and that Wiltshire Police are concerned for the public's safety at the premises whilst he is working there. It would appear that anything that had been stated previously by the directors was untrue and that Jason Ranford is very much involved in the running of the premises.
37. It is not only Jason Ranford that has come to police attention. The promotions manager Aaron Woolford received a Fixed Penalty Notice for urinating in the street on the 3rd November 2013. He informed officers at the time that he works "... for the Brunel Rooms, I can do what I fucking want". Mr Woolford received an automatic 3 month pubwatch ban for this offence as it was committed in the night time economy. Additional information 26-27.
38. It has also come to my attention that the premises have been using a former DPS

of Longs Bar as a consultant. The DPS was removed by the licensing committee at the review of Longs Bar in October 2013 due to evidence of poor management and lack of confidence in the DPS that he would be able to prevent future failures of the licensing objectives.

39. The addition of this consultant at the Brunel Rooms together with the other management failures mentioned above highlight the lack of ability at the premises to ensure the licensing objectives are upheld.
40. Since the premises opened in August 2013 I have regularly engaged with the premises management in an effort to reduce the levels of crime and disorder associated with the premises and reduce the risk of harm to those frequenting and leaving the premises who are intoxicated. These meeting notes and emails are contained within the additional information at pages 107-121.
41. Wiltshire Police believe that the premises have not only breached licence conditions but have also increased crime and disorder in Swindon Town Centre which is evidenced by the levels of drunkenness and incidents contained within the additional information. There has been disregard by the premises management and owners for public safety and they have been in part to blame for members of the public and police officers becoming victims of crime resulting in physical injury. Although efforts to control this premises through conditioning the licence has been tried it has had little effect and no ability to control the owners and management of premises to ensure they uphold the licensing objectives. In fact the owners of the premises have shown complete disregard for the licensing objectives.
42. Wiltshire Police feel that they have been left with no option other than to request

the licensing committee consider revocation of the premises licence in order to protect the public and prevent further crime and disorder at the premises.

43. Should the committee consider revocation inappropriate then Wiltshire Police would ask that a period of suspension to the premises licence be made to allow the premises to reorganise their management structure and for the management team to undertake a qualification that will provide them with knowledge and understanding in relation to their duties as operators of a licensed premise. As well as a period of suspension the committee are asked for further conditions be imposed onto the premises licence – 1) To prevent Jason Ranford from being present and having an operational role at the premises when it is open to members of the public and 2) that only polycarbonate/plastic receptacles be used throughout the entire premises.

Statement of truth

The facts stated in this witness statement are true to the best of my knowledge and belief.

Signed:.....

SIAN KALYNKA

Dated..13th December 2013.....

**IN THE MATTER OF AN APPLICATION BY THE CHIEF CONSTABLE OF
WILTSHIRE POLICE FOR A LICENSING REVIEW OF A PREMISES LICENCE
FOR THE BRUNEL ROOMS, 1 HAVELOCK SQUARE, SWINDON SN1 1LE.**

STATEMENT OF SIAN KALYNKA

I, **SIAN KALYNKA**, Licensing Officer, Licensing Department, Divisional Police

Headquarters, Gablecross Police Station, Swindon, Wiltshire SN3 4RB will say as follows:

1. I am a Police Licensing Officer for Wiltshire Police, having joined the Force in November 2009. I make this statement on behalf of the Appellant in these proceedings.
2. My role involves covering all licensed premises within the Borough of Swindon. I am the main point of contact within the Police for all matters related to licensed premises; I deal with applications on behalf of the Chief Constable. I work closely with Police Officers and Police Community Support Officers to identify premises which can be linked to high levels of crime, disorder and anti-social behaviour. I also provide support and guidance to licensees in relation to any issues or problems they may have at their premises.
3. In a crime prevention role I can offer advice, guidance and signposts to other organisations such as the Security Industry Authority. At enforcement level I am

responsible for submitting applications for review if, following consultation with licensed premises, the relevant legislation is not being adhered to. I also contribute to Police operations that are established to ensure compliance with licensing legislation. These include licensing visits, test purchases and drugs dog operations.

4. The Chief Constable of Wiltshire Police has made an application to review the premises licence of Brunel Rooms, 1 Havelock Square, Swindon, SN1 1LE ("the premises"). The premises licence is held by Brunel Rooms Swindon Limited, 1 Havelock Square, Swindon, SN1 1LE. Nathan Hatter is the Designated Premises Supervisor ("DPS") of the premises.
5. The Brunel Rooms is a 1500 capacity nightclub situated in Havelock Square in Swindon Town Centre. The premises provides entertainment in the form of guest DJ's and under 18 nights.
6. The premises licence was granted on the 24th July 2013 following a licensing hearing due to representations from the Chief Constable of Wiltshire Police on the grounds of Crime and Disorder and Public Safety.
7. The licence was issued with a number of conditions placed on the licence in agreement with the licence holders and Wiltshire Police. The premise has an operating time of 1000-0100hours Sunday to Wednesday and 1000-0300hours Thursdays and 1000-0400hours Friday and Saturday. The sale of alcohol on Fridays and Saturdays is permitted between 1000 – 0300hours. Six times a year the premises can hold "all night events" between the hours of 1000 – 0600hours.
8. Prior to this new application the premises operated as Liquid and Envy for 3 years

until it was closed by the operating company Luminar when it went into administration. Prior to the closure of the premises a review application had been made in 2010 on grounds of crime and disorder at the premises which resulted in a number of conditions and a reduction in operating hours.

9. Wiltshire Police raised concerns at the application hearing in July that a new premises licence in the area of Havelock Square would not and could not prevent crime and disorder and protect public safety. This was based on evidence of the previous premise that operated in this area as well policing experience.
10. Statutory Guidance under s182 of the licensing Act 2003 at 9.12 highlights the fact that the police are an essential source of information and advice on the impact and potential impact of licensable activities particularly on crime and disorder objective. It also advises that the *"police should be the licensing authority's main source of advice on matters relating to the promotion of crime and disorder(-)and should accept all reasonable and proportionate representations made by the police unless the authority has evidence that to do so would not be appropriate for the promotion of the licensing objectives"*.
11. The opening night of the Brunel Rooms was the 1st August 2013 and since that date there have been a number of incidents of crime and disorder that involve the premises customers and also incidents that involve members of the management team. These incidents are evidenced in the additional information attached to the review.
12. Analysis has been carried out to show the impact the Brunel Rooms has had on crime and disorder in the Swindon Town Centre Night Time Economy. Chart 1 at

page 1 in the additional information shows that there is a noticeable peak in incidents occurring in August 2013.

13. Hotspot mapping at Page 2 also indicates that in the 4 months since the premises have opened a hotspot is emerging in the area which did not previously exist. This is further evidenced when the top 10 streets for Night Time Economy related incidents are compared pre and post opening of the premises at page 3. Havelock Square is now location number four for NTE related incidents that have occurred in the location since the 1st August 2013. In the period of the 1st April 2013 to 31st July 2013 Havelock Square was in 15th place for the number of NTE related incidents occurring in the location.
14. The analyst carrying out the research does highlight that 4 months is a short period for the real impact of the premises to be known in terms of statistics however it is clear that the premises has caused crime and disorder since they have opened due to the incidents that are included in the additional information pages 4-105.
15. A policing operation was specifically organised for the premises opening night on the 1st August 2013 due to the numbers expected to visit the premises. The early part of the evening began well with few incidents at the premises and any issues were raised immediately with the DPS.
16. I made a licensing check at 02.20hours before I was due to go off duty. It was clear on arrival that a disorder had occurred as people were shouting and tensions were running high. I remained in the area and observed a number of groups and watched as a female in one of these groups throw a barrier towards the doorstaff. At this point I was told by door staff that a family who had had use of the private

room all evening had left approximately an hour before but had remained in the area arguing. It was clear that there were a number of drunk people still arguing which is when a male punched another male to the head causing him to make contact with a bollard outside of the premises. I radioed for uniform police to attend the area as disorder had broken out following this assault. From this incident there were two arrests for drunk and disorderly although there clearly could have been more had there been more police officers available. Sergeant Anger was concerned for his staff's safety and removed the officers from the area as soon as he could due to the hostility from the crowd that had gathered. (additional information pages 4-6 and 28-38)

17. Over the course of the opening weekend a male was arrested for three separate assaults and describes himself as being very drunk and having spent the night drinking at the Brunel rooms. A male was also arrested for being drunk and disorderly. (additional information pages 39-46)
18. Since that weekend there have been regular reports of drunkenness and assaults relating to the premises. One such incident is a female who had called to report her phone stolen as she could not remember what had happened to it the night before as she could not remember much after she got to the Brunel Rooms. Once officers have investigated this incident it transpired that she matched the description of a female we received a call about at 00.25 hours of a female lying in Commercial Road on her own that was intoxicated which caused a concerned member of the public to call in and report it. It is unclear if she had consumed alcohol at the premises but she states that she had been at the premises and clearly would have been identified as being drunk and should have been refused entry. (Additional Pages 48-51)

19. The premises also held an after party on the 24th September 2013 which was the night of the Swindon Town v Chelsea football game. Most people seemed to have left the premises by 0200hours however a log was received from Brunel Security at 03.57hours that a fight was occurring on the ramp from the upstairs of the premises that leads to Commercial Road. A call was then received by a male who stated he had been beaten up and his money taken. The officer that attended sent an email that night explaining the log and that the fight had started inside the venue and was pushed out of the premises. PC Hastings also stated that all the people involved were heavily intoxicated. (Additional information Pages 66-70)
20. I reviewed the CCTV later that day which was supplied by the DPS of the premises who was surprised to hear that people had still been in the premises at that time of the morning. The CCTV shows a disorder occurring inside and the assistant manager, Jason Ranford pushing parties out to the smoking area and onto the ramp and closing the doors behind him.
- Despite it being a private party it should not be for the police to deal with the fallout of people attending the party becoming far too drunk and ending up fighting.
21. The most recent violent incident that has led Wiltshire Police to instigate the review application occurred on the 03/11/13 at 0300hours. That night an act named Wiley was due to attend the premises but he failed to do so causing a number of unhappy customers at the premises. The premises does not appear to have a contingency plan of how to respond when an act fails to appear causing customers to react in a hostile manner.
22. Officers attended the premises at 0303hours to find a male had been 'bottled' in the

VIP area causing injury and that the atmosphere was heated and hostile. All units were requested to attend the premises at this point to ensure order was kept in the area and so that they could assist door staff in dealing with the customers. This meant that all available officers within Swindon at that time were sent to this area in order to deal with the situation at this one licensed premise.

23. One male was initially arrested for being drunk and disorderly and became violent upon arrest, assaulting officers. This male caused one officer to sustain a fractured hand and another officer to have a bruised finger. Police officers had to use batons, incapacitant spray and force to gain control of this male. He was later arrested for assaulting a police officer and this is currently being investigated by CID.
24. Police Sergeant ("PS") Spargo describes in her statement the incident at the premises. PS Spargo describes how she did not get a chance to caution the male on arrest due to the male violently struggling against her and PC Winter. PS Spargo also mentions the fact that in thirteen years of policing she has never and to use her ASP baton against someone. The Additional information pages 89-105.
25. On that evening a second male was also arrested for being drunk and disorderly as he was refusing to listen to officer's directions and trying to become involved in the incidents officers were dealing with. Upon speaking to the Police Officers that were in attendance on this evening they would have made many more arrests if their capacity had allowed it.
26. After investigating the incident from the 3rd November 2013 it became apparent that it was not just crime and disorder occurring at the premises but conditions was also breached at the premises. A photograph was seen on the premises

facebook site of individuals in the main room of the premises holding champagne bottles. There is a specific condition on the licence preventing glass being used anywhere in the premises except from the VIP lounge. This condition has been breached and is made worse by the fact that the head doorman can also be seen in the picture behind the males with the glass bottles. Due to this breach and the bottling of a male inside the premises the DPS was asked to stop the service of glass in all areas of the premises to ensure that the public safety objective was met at the premises. This was agreed in the meeting that was held with the DPS on the 6th November 2013.

27. A further breach of licence has also been identified at the premises as it has been known that Jason Ranford whilst positioned on the entrance of the premises has allowed access after the last entry time to his friends and acquaintances. Several of these males are known to be banned on pubwatch but had been granted access to the premises anyway. This information was provided by way of an intelligence report submitted following a report of a disorder at Regent Circus. Additional information pages 52-54. This was highlighted at a meeting with Jason Ranford on the 11th December 2013 when he stated that he had previously allowed this to happen but stated that he would not do this again by not being present on the entrance to the premises.
28. At the original hearing for the application of the premises licence for the Brunel Rooms I raised concerns about the ability of the Directors of the company and the management and in particular the suitability of Jason Ranford as a director and assistant manager of the premises. A number of incidents have occurred over the last 4 months that have involved the management at the premises and these are contained in the additional information pages 4-27.

29. The concerns regarding Jason Ranford came to the fore on the 4th October 2013. A male was arrested at the premises for being drunk and disorderly. Upon the males arrival at custody officers noted that the male had sustained an injury to his left cheek bone with some large swelling and he was taken to GWH. PC Shanklin attended Brunel Security control room to view the CCTV of the incident. PC Shanklin identified Jason Ranford stood at the entrance to the premises and saw the arrested male being ejected. The male was restrained on the floor by doorstaff when he was ejected and Ranford was seen to become involved. During the incident Jason Ranford punches the male to the face several times, possibly stamps on the males hand when he is on the floor and also knees the male in the face. Jason Ranford is not a licensed SIA door supervisor and there were sufficient numbers of door staff at the scene to deal with the male but Ranford became involved. Upon investigating this the next day the incident log recorded by the door staff does not reflect accurately what was seen on CCTV. Jason Ranford initially stated he was protecting himself in self defence from the drunk man however when he was appearing in court two days later he pleaded guilty to the assault and received a 4 week custodial sentence that was tagged onto the 20 week sentence for other offences. (additional information 24-25)
30. I was very concerned that this had taken place as I had met with the DPS that day on Thursday the 3rd October 2013 and in the meeting raised concerns about Jason Ranford being positioned on the entrance to premises. I was disappointed as my concerns had not been listened to and a member of public had come to harm due to a member of management at the premises.
31. Shortly after this incident a meeting was arranged on the 7th October 2013 with the DPS Nathan Hatter, and the 2 owners Helene Simpkins and Paula Harris.

Wiltshire Police's concerns regarding the involvement of Jason Ranford with the business were discussed in detail. They were asked to consider the extent of Jason Ranford's involvement at the premises as they stated he was not anything formally to do with the business. They were also informed that Wiltshire Police believe that the premises cannot achieve the licensing objectives with this individual being involved in the running of the business and that there is always going to be a risk to the public and their customers should he be involved in the operational running of the premises.

32. During this meeting with the DPS and owners they stated that when Jason Ranford is drinking he does things that he should not and that they had previously asked the security not to let Jason in when he had been drinking. Doorstaff have since told me that they found it difficult with Jason Ranford being present on the door as he would pull rank over them and state that it was his business and they should do as he says. Concerns regarding Jason Ranford's presence on the door were discussed several times at meetings with the DPS. From the outside it seems very much like Jason Ranford did and does whatever he felt like and that nobody could stop that whether it put the public at risk or not.
33. This meeting concluded with Inspector Burt and I asking the three to go away and think about what was discussed and to let us know what the decision regarding Jason Ranford's involvement at the premises would be. This meeting's notes are detailed at page 117-118.
34. Shortly after this meeting an article appeared in the Swindon Advertiser quoting a statement on the premises Facebook page "...Mr Jason Ranford will have no future involvement with the operation of the Brunel Rooms..." Additional information page 123.

35. On the 6th November I met with Nathan Hatter the DPS and informed him of the decision to make an application for review of the premises licence due to the crime and disorder and concerns that Wiltshire Police have regarding the premises. Before this meeting Wiltshire Police had heard nothing from the owners of the business following the meeting in October. On the 8th November Nathan Hatter sent on an email advising on some changes at the premises and that Helene and Paula would forward on details of Jason Ranford's removal from the company as soon as the paperwork is done. Additional information page121
36. As of 12th December 2013 no paperwork has been forwarded to Wiltshire Police. A meeting took place with Jason Ranford and I on the 11th December 2013 following his release from prison where he advised me that he would still be working at the premises as he was part of the business. I expressed my concern at this and that Wiltshire Police are concerned for the public's safety at the premises whilst he is working there. It would appear that anything that had been stated previously by the directors was untrue and that Jason Ranford is very much involved in the running of the premises.
37. It is not only Jason Ranford that has come to police attention. The promotions manager Aaron Woolford received a Fixed Penalty Notice for urinating in the street on the 3rd November 2013. He informed officers at the time that he works "... for the Brunel Rooms, I can do what I fucking want". Mr Woolford received an automatic 3 month pubwatch ban for this offence as it was committed in the night time economy. Additional information 26-27.
38. It has also come to my attention that the premises have been using a former DPS

of Longs Bar as a consultant. The DPS was removed by the licensing committee at the review of Longs Bar in October 2013 due to evidence of poor management and lack of confidence in the DPS that he would be able to prevent future failures of the licensing objectives.

39. The addition of this consultant at the Brunel Rooms together with the other management failures mentioned above highlight the lack of ability at the premises to ensure the licensing objectives are upheld.
40. Since the premises opened in August 2013 I have regularly engaged with the premises management in an effort to reduce the levels of crime and disorder associated with the premises and reduce the risk of harm to those frequenting and leaving the premises who are intoxicated. These meeting notes and emails are contained within the additional information at pages 107-121.
41. Wiltshire Police believe that the premises have not only breached licence conditions but have also increased crime and disorder in Swindon Town Centre which is evidenced by the levels of drunkenness and incidents contained within the additional information. There has been disregard by the premises management and owners for public safety and they have been in part to blame for members of the public and police officers becoming victims of crime resulting in physical injury. Although efforts to control this premises through conditioning the licence has been tried it has had little effect and no ability to control the owners and management of premises to ensure they uphold the licensing objectives. In fact the owners of the premises have shown complete disregard for the licensing objectives.
42. Wiltshire Police feel that they have been left with no option other than to request

the licensing committee consider revocation of the premises licence in order to protect the public and prevent further crime and disorder at the premises.

43. Should the committee consider revocation inappropriate then Wiltshire Police would ask that a period of suspension to the premises licence be made to allow the premises to reorganise their management structure and for the management team to undertake a qualification that will provide them with knowledge and understanding in relation to their duties as operators of a licensed premise. As well as a period of suspension the committee are asked for further conditions be imposed onto the premises licence – 1) To prevent Jason Ranford from being present and having an operational role at the premises when it is open to members of the public and 2) that only polycarbonate/plastic receptacles be used throughout the entire premises.

Incidents

- During the 24 month period there were 2439 incidents recorded on Storm which fulfilled the aforementioned criteria. This equates to an average of 101.6 (to 1dp.) per month or 23.5 (to 1dp.) per week.
- As can be seen from the below chart, the general trend is a reduction in the number of recorded incidents. However, there is a noticeable peak in incidents occurring in August 2013. This increase is not directly attributable to the opening of the Brunel Rooms, however it has been seen that in order to compete with the presence of a new venue other licensed premises have offered extensive drinks promotions to entice customers to their establishments. As a consequence members of the public may be increasingly intoxicated and thus disorder is more probable.

Hot Spot Mapping

The adjacent hotspot maps show the distribution of NTE incidents within the DT sector for the 12 months prior to the opening of the Brunel Rooms and the 4 months since. The Brunel Rooms is denoted by the symbol :

A clear hot spot can be seen to be emerging in the area of the Brunel Rooms in the 4 months since it opened suggesting that the presence of the venue has had an impact on NTE related incidents in the area. However, when compared to the long term hotspots surrounding other venues such as those in Fleet Square and Victoria Road the impact of the Brunel Rooms is relatively minor.

Havelock Square Incidents

- The emergence of a hotspot in the vicinity of the Brunel Rooms is corroborated when the top 10 streets for NTE incident for the 4 months prior to the venue opening are compared to the following 4 months.

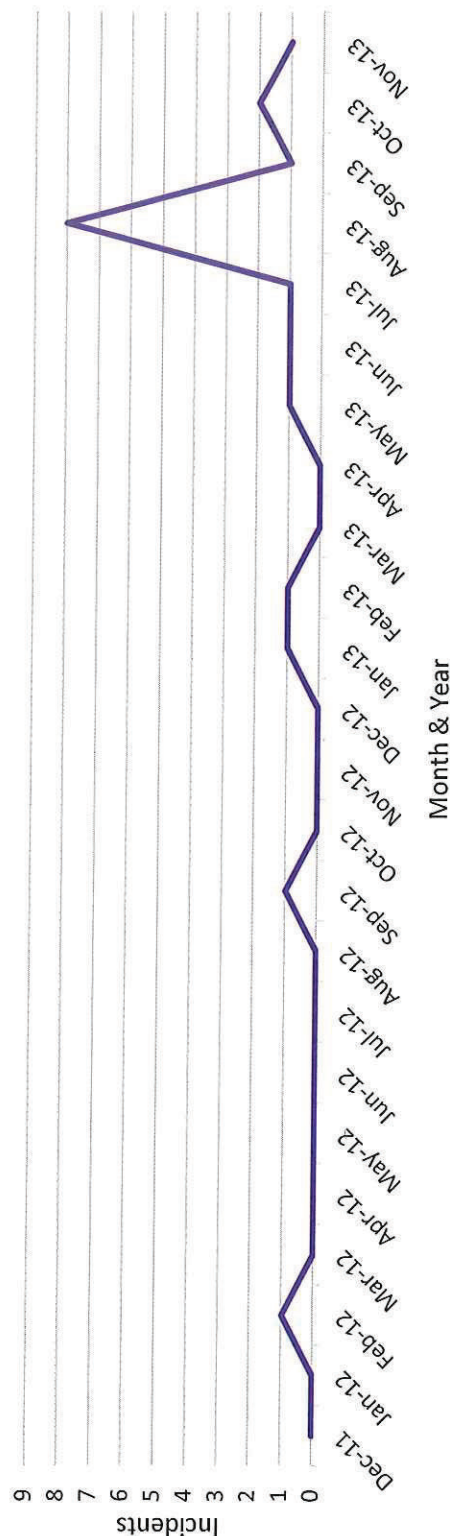

Top 10 streets for NTE related incident 01/04/2013-31/07/2013

Fleet Street	41
Bridge Street	21
Wood Street	17
Manchester Road	15
County Road	14
Fleming Way	13
Faringdon Road	12
Regent Street	9
Broad Street	8
Commercial Road	8

Havelock Square was in joint 15th place with 3 recorded incidents for the period 01/04/2013-31/07/2013, rising to joint 4th place with 11 recorded incidents for the period 01/08/2013-30/11/2013. The below graph shows the incident data for Havelock Square by month for the whole data period. The "spike" in August 2013 may be attributed to the opening of the Brunel Rooms but it is noted that since this initial increase, likely to be a cause of a large number of people wanting to visit a "new" venue (the novelty factor), disorder in this area has decreased. Thus it cannot be said that the Brunel Rooms is having a significant impact on the area and it is recommended that analysis be repeated in 6 months time in order for more data to be available.

Top 10 streets for NTE related incident 01/08/2013-30/11/2013

Fleet Street	71
Bridge Street	21
Victoria Road	21
Manchester Road	13
Regent Street	13

SUMMARY OF INCIDENTS

Management and staffing issues at the premises

1. 01/08/13 On the opening night some training issues were picked up at the venue by licensing checks conducted by Licensing Officers.
 - 2045hours licensing officers attend venue to walk around. Whilst there bar staff have been asked about training in the Amphi bar. They said they had been trained in relation to fire safety, bar work, drunkenness and underage. They were asked if they supplied drinking water which is only supplied in bottles for a charge which is in breach of a mandatory condition. They were also asked about how they contact door staff for assistance the procedure was established after some clarification.
 - Informed by security that the smoking area was going to be limited to 40 persons and no drinks allowed outside to help stop people lingering.
 - 2345 hours walk around premises. Doorstaff were hard to spot within the premises due to the low lighting and the black jackets. Suggested that the yellow tabards are used inside.
 - 23.45hours. Observed that the area leading to the smoking area was very busy and uncontrolled a scuffle broke out in front of us. There was no attempt to limit people moving into the area by door staff and it was very congested up there. People were also going out there with their drinks.

2. 02/08/13 02.20hours

Licensing officer 6454 Kalyuka made a final check of the premises before ending duty. Whilst stood talking to a member of doorstaff in relation to numbers at the premises, number of ejections etc They had recently dealt with a disorder as a result there were a number of groups in the area with approx 6 doorstaff gathered at the entrance. A female was seen to throw a barrier at doorstaff shouting at them.

Whilst stood at the entrance a male known to be Aaron WOOLFORD the promotions manager informed the member of doorstaff and I that he was wasted on Wednesday night at the premises and that he wasn't that bad tonight. The member of door staff highlighted that he probably did not want to continue with this line of conversation to the licensing officer and that he probably shouldn't be drinking whilst at work. Mr Woolford ignored this and advised that it was a perk of the job and that "he wasn't that pissed tonight".

3. 02/08/13 02.40hours

Licensing Officer 6454 Kalyinka advised the head doorman that he may want to bring down other door staff from inside depending on numbers left due to the disorder that had taken place outside the premises. The doorstaff indicated that the disorder was to do with the family that had been in private room and had actually left the building an hour ago but had been hanging around the premises outside for a considerable time. It was discussed that dispersal policy on the licence was to be used to help prevent incidents such as this. It also led to the question as to how the private rooms are managed.

4. POL-20130805-0011 00.53

Jason Ranford one of the company directors and managers has been abusing door staff at another town centre licensed premises. Police were called in order to deal with Jason Ranford who was given words of advice to stay away from the premises.

An email was received from the licensed premises manager and detailed on the storm log.

Email regarding incident on Sunday 04/08/13

On Sunday night Jason Ranford approached the front door to be told by doorstaff that he was unable to come in as on pubwatch. He said ok and knew he was. He was then stood outside for while giving doorstaff abuse. Then two guys came up to him and starting arguing with him about money Jason owed them. I advised them that it was not the time or place sort this out. The guys walked off. Jason then continued to make threats to doorstaff and be abusive. he was also abusive to customers leaving. I asked him to move away. he ignored me. After some time he was then on the phone telling them to come down to casbah and sort out doorstaff. I had enough and asked doorstaff to go inside and call 101 and have him removed from front door. When the doorstaff came back out Jason was still there saying stuff about his mum. and what time was she expecting him round. The police arrived. We explained what was going on. I was told they had nothing to arrest him on. I just wanted him moved away. At this point he was in the kebab shop next door. The police went and spoke to him and then advised us that when he had finished his food he was going home. But told police we had it wrong and he was not on pubwatch, it had been over turned. I told police that he was still on the ban. The police then told us bring it up with licensing. They then went and sat in the car. Jason then came and sat outside still shouting abuse but the police were sat in the car and did not hear this. The police stayed around for about 30 minutes. Advise me if he causes anymore problems to ring it in again. After sometime he went in a taxi.

I feel this is unacceptable behaviour and totally uncalled for. It is also a breach of ban. I sent an email to paul on monday morning but ban breach was not discussed at pub watch.

If you require cctv or any further information please let me know.

Many thanks

XXXXX

5. POL-20130925-23 03.59

The Brunel Rooms had an after party for the Swindon v Chelsea game. Nathan and staff left at 2am leaving the three directors Helene Simpkins, Paula Harris and Jason Ranford with friends and associates. An incident has occurred inside the premises between a group who were ejected via the smoking area by Jason Ranford. This incident has continued outside of the premises and a call was made by Brunel Security to Police due to the disorder outside of the premises. Upon police arrival a male has complained that he was assaulted and money taken off him. The premises is only able to be open until 01.30 to members of the public. Nathan Hatter the DPS was spoken to and told that this is not acceptable particularly when police end up being called and have to deal as a consequence. CCTV provided of the incident by the DPS

CCTV viewed and a scuffle is seen inside at 3.29 the individuals are taken out into the smoking area where Ranford is seen to push them through the exit at the top of the ramp and then close the door behind him. There is a lot of pushing and shoving involved in the incident. It is noted that there were a number of people on the premises who appear to have been drinking.

Email from PC Hastings

Hi Sian,

Jason RANFORD threw a private party last night and didn't have any door staff on duty. He was letting people out of the top entrance and making them walk down the ramp to the annoyance of Brunel security. They are making a formal complaint about him in the morning.

There was a large fight which started inside the venue and spilled out on to the ramp. The fight on the ramp has been caught on CCTV, however this was not available to us immediately as they were having technical difficulties. Details of the people involved were taken. 2 bar staff were spoken to who stated there were no security staff on this evening. Brunel security can also confirm that.

A couple of the people we stopped also stated there were no security staff and they had to intervene when a male started kicking off and throwing glasses and bottles at people, they said RANFORD couldn't handle it and was in a flighty mood.

We are not sure on how many people were there but apparently it was advertised on face book. We were told that Swindon Town club members were there and also STFC fans. The club still had people in at 4am this morning.

We have asked Brunel security to down load the CCTV so we can review it before we take any further action. There were no complaints from the people that had been injured but they may change there mind when sober! All people involved were heavily intoxicated to say the least!

Thanks

Leila 2532

6. 25/09/13 I was made aware of Aaron Woolfords Facebook page. Where a poster for the brunel rooms has been stuck onto a Police van. Nathan Hatter DPS was made aware of this and advised that it be taken down.

7. 54130094396 04/10/13 00.54 hours

Officers have attended a disturbance at the Brunel Rooms (a male was arrested for being drunk and disorderly.) On arrival at custody the male was seen to have sustained an injury to his left cheek bone with some large swelling. The male was conveyed to GWH. CCTV enquiries with Brunel Security show that Jason Ranford a manager at the Brunel Rooms has assaulted the male. Jason Ranford was arrested and bailed for the offence. Jason Ranford then pleaded guilty to the assault whilst at court being dealt with for other matters and was sentenced to 4 weeks imprisonment on top of further sentences.

The doorstaff log did not record accurately what occurred during this incident and does not mention any assault by Jason Ranford on the customer despite several members of door staff being present and involved.

PC Shanklins Statement

I am A Police Constable based at Gablecross Police Station employed by Wiltshire Police.

On Friday 4th October 2013 I was on duty and in full uniform in company of PC 2600 BARKER. During the evening I was dealing with a male XXXXXXXXXXXX who I had arrested for being drunk and disorderly outside the BRUNEL ROOMS NIGHTCLUB, SWINDON. Upon arrival at Gablecross Custody it was clear that xxxxxxxx had an injury to his left eye and cheek bone. xxxxxxxx had a swollen left cheek bone which had swollen to about the size of half the size of a ping pong ball.

Xxxxxxxx was taken to Great Western Hospital by myself and PC BARKER whereby he was left at A&E to be treated.

At 0300 hours I attended BRUNEL SECURITY Control Room whereby myself and PC BARKER viewed footage from their camera's showing an assault by a male I know called Jason RANFORD bn 4-8-1986. RANFORD I have met several times before and know he is the manager of The BRUNEL ROOMS NIGHTCLUB, SWINDON.

I watched the footage on a monitor and could clearly see RANFORD outside the doors of the BRUNEL ROOMS wearing a jacket with the BRUNEL ROOMS printed on the back. I could see a male who I had dealt with several hours earlier by the name of xxxxxxxxxxxx. xxxxxx could be seen being ejected out of the club and restrained on the floor by several door staff. RANFORD could be standing over and getting involved in the incident. I could see that xxxxxxxx gets up to his feet and is then grabbed by RANFORD and then punches xxxxxx to his face and then holds onto MORRISONS chest area whilst having right fist clenched in the air ready to punch him again. RANFORD appeared very aggressive in

his body language. xxxxx is then seen walking off away from the club and then returns whereby RANFORD pushes him again and is taken to the floor by other bouncers. I could see RANFORD stamp on the floor very close to xxxxxxx hands, I could not tell if his hand was stamped on. I know that RANFORD is not meant to be getting involved into any of the incidents at BRUNEL ROOMS as he is not an SIA badge holder due to his violence. RANFORD could be seen on the CCTV intervening in the incident. There were sufficient bouncers to deal at the scene but RANFORD continues to get involved. Finally I see RANFORD push and check xxxxxxx as he returns to the front of the club and RANFORD then pushes xxxxxx against the wall, punches xxxxxx in the face and bring his knee up to xxxxxxx face. The whole incident lasted 12-15 minutes on camera.

Signature  #2522 SHANKLIN, J.

Date 04/10/2013 05:48

8. POL-20131103-0101 04.52am
54130104652

Police Officers were waiting at the location for a car to be recovered from an earlier incident. A male was witnessed by the police officers to urinate against the wall of the spiral staircase behind the premises. when he was approached by officers it became apparant that the male was Aaron Woolford the prmotions manager at the Brunel Rooms who was rude and abusive to officers. Aaron Woolford was later issued with a Fixed Penalty Notice for the offence.

Email from PC Winton

Good Evening,

At 0448hrs on 04/11/13 myself and SC 4161 WINTON witnessed Aaron WOOLFORD urinating outside of the car park area by the Brunel Rooms. He was extremely intoxicated and when he was asked to stop he stated "I WORK FOR THE BRUNEL ROOMS, I CAN DO WHAT I FUCKING WANT." At the time it was not practicable to issue him with a pnd as were dealing with something else but I intend to ticket him retrospectively when I come back on Wednesday for the next set.

I thought that I would make you aware of the incident as I understand that WOOLFORD works for the Brunel Rooms.

Many thanks

Kimberley

PC Winton's Witness Statement

I am a serving police officer based in Swindon, Wiltshire and I was on uniformed patrol in the town centre between the hours of 2000-0600hrs on the 02 November 2013 in company with SC 4161 WINTON.

We were tasked to attend Havelock Square by the Brunel Rooms at approximately 0430hrs to wait with a vehicle that was going to be collected by Greenmeadow. At approximately 0448hrs I saw a male climb over a barrier from Commercial Road to enter Havelock Square and walk towards the car park. I saw the male walk under the shelter of the car park, which was the spiral exit for vehicles and face the wall. I saw the male move his hands around in front of him then I could clearly hear him

urinating against the wall. He was approximately 15metres away from me but there was street lighting so I could see him relatively clearly.

When SC 4161 WINTON and I approached the male and told him to stop he turned around and said "FUCK OFF". I could see him doing up the flies and belt on his trousers which confirmed my suspicions that he had been urinating. I could also see a damp patch that appeared to fresh on the wall where he had been standing. He was swaying on his feet and I believe he was intoxicated as I could smell liquor on his person. I asked him why he had been urinating outside and he said "I WORK FOR THE BRUNEL ROOMS, I CAN DO WHAT I FUCKING WANT." I asked him to stop swearing and he replied "I CAN SWEAR AS MUCH AS I FUCKING WANT."

SC 4161 WINTON asked the male who he was and he stated that his name was Aaron WOOLFORD bn 15/08/78. He also said "I LIVE AT 12 WESSEX COURT, YOU CAN SEND ME A TICKET FOR PISSING, I DON'T CARE."

At this point a taxi arrived and Mr WOOLFORD climbed into the vehicle and it drove off so it was not practicable for a penalty notice for disorder to be issued at that time. With this in mind SC 4161 WINTON contacted our control room and passed over the details about what had occurred with a view to issuing a ticket at a later date.

Signature  #2526 WINTON, K.

Crime and Disorder at the premises

1. 01/08/2013

POL -20130801-0392

Night Time Economy Log created for the opening night of the Brunel.

a)

02/08/2013 00:12 F DT01 - LOCATED A HEAVILY INTOX
FEMALE OUTSIDE BRUNEL ROOM - SHE IS
WITH HER BOYFRIEND BUT IT IS OBVIOUS
SHE HAS BEEN SERVED IN THIS STATE

b) 2.20hours 6454 attended Brunel Rooms.

A check was made with doorstaff as to the current numbers in the premises and a check was made of the incident book. 12 ejections had been recorded and door staff reported they had only had a few issues on the door. An incident occurred at the premises involving Jack Savages family. The opening night had been dedicated to Jack Savage and his family were in attendance.

Outside the premises there were lots of groups hanging around the area with approx 6 DS gathered at the entrance. A female was seen to throw a barrier at DS shouting at them for an unknown reason. DS were still stood in the entrance.

c) At 02.32hours a request for units to attend the Brunel rooms was made by 6454 Licensing Officer Kalynka following 2 males fighting and numerous outbreaks of disorder.

02/08/2013 02:32 6454 - REPORTS OF DISORDER AT THE 0 0
BRUNEL

2. POL -20130802-0055 02.51 *73033

Male was arrested for being Drunk and Disorderly. The male was threatening violence on the way to custody and Officers had to be arranged to meet the arresting officers at custody to deal with the male.

Statement of PC Millers

"I am Police Constable 2552 Christopher MILLER of Wiltshire Police currently stationed at Gablecross Police Station attached to Response Team 2A of WD Division.

On Friday the 2nd August 2013 I was on duty in uniform in company with PC 2577 REEVES

and allocated the call sign DT04.

At approximately 0225hrs the same day we were directed to attend the front of the Brunel Rooms in Havelock Square following reports of a disorder at the location. On our arrival I instantly noticed a group of approximately 15 people, a mix of male and females. The group I noticed were being extremely hostile towards Door staff at the Brunel Rooms.

My attention was then drawn to two door staff who were restraining a male I know now to be
XX.
I heard XXX say "THATS MY FUCKING FRIEND YOU FUCKING CUNTS" I noticed that
XXX was being restrained by the door staff, I could see that XXX was agitated. I approached
XXX and attempted to speak with him about what was happening, I could smell intoxicating
liquor on XXX breath and despite being restrained he was unsteady on his feet. XXX would
not speak with me and continued to shout and swear. I took hold of XXX left arm and said "
CALM DOWN BEFORE YOU GET ARRESTED BUDDY " XXX replied "YOU FUCKING
CUNT ITS MY MATES PARTY GET THE FUCK OFF ME "

I approached XXX and attempted to speak with him about what was happening, I could
smell intoxicating liquor on XXX breath and despite being restrained he was unsteady on his
feet. XXX would not speak with me and continued to shout and swear. I took hold of XXX left
arm and said " CALM DOWN BEFORE YOU GET ARRESTED BUDDY " XXX replied "YOU
FUCKING CUNT ITS MY MATES PARTY GET THE FUCK OFF ME "

Due to XXX drunken state, and level of disorderly behaviour I arrested XXX for being Drunk
& Disorderly. I applied my handcuff to XXX left wrist and took him to the floor to allow for a
secure restraint and I applied the second cuff to his right wrist in a rear stack position

At 0230hours I said to XXX "I AM ARRESTING YOU FOR BEING DRUNK AND
DISORDERLY IN A PUBLIC PLACE. YOU DO NOT HAVE TO SAY ANYTHING BUT IT
MAY HARM YOUR DEFENCE IF YOU DO NOT MENTION WHEN QUESTIONED
SOMETHING WHICH YOU LATER RELY ON IN COURT, ANYTHING YOU DO SAY MAY
BE GIVEN IN EVIDENCE. YOUR ARREST IS NECESSARY TO PREVENT HARM OR
INJURY TO PERSONS AND TO ALLOW FOR A PROMPT AND EFFECTIVE
INVESTIGATION." XXX replied "GET THE FUCK OFF ME YOU CUNT".

With the assistance of PC 1677 WILTSHIRE I escorted XXX to the rear of my marked VITO
van and placed him in the cage. PC 1677 WILTSHIRE searched XXX and placed his
personal property in a latex glove and handed it to me as well as a black I-Phone.

As I walked to the front of the vehicle a white male, aged early 50's wearing a white shirt with

clenched fists coming straight towards me, the male appeared extremely angry, I told the male to "STOP, GET BACK " he continued towards me so I used a two handed check and pushed the male back to create space between us, as I have done this the latex glove and mobile phone fell from my hand onto the floor. Eventually the male backed away so I started to look for the property and phone, I found the latex glove but could not locate the phone. A female I did not know said to me "ITS OK HIS AUNTY HAS IT "

I transported XXX in the rear of the van, as we entered Commercial Road XXX was shouting " MY CUFFS ARE TIGHT I CANNOT FEEL MY HANDS " I stopped the vehicle and went to the cage and opened the rear door to loosen XXX cuffs. XXX said "TAKE THESE CUFFS OFF AND I AM GOING TO FUCKING KILL YOU" Due to the treat and XXX level of aggression I updated the Police control room and made best time to custody to get assistance with the handcuffs in a safe environment.

At custody XXX continued to behave in a drunk and disorderly manner and the booking in process had to be postponed and XXX taken straight to his cell.

Throughout the incident XXX would not calm down and listen to reason and continued to display a high level of strength and aggression.

Signature  #2552 MILLER, C.

Date 02/08/2013 06:07

3. POL-20130802-0057 03.04

Whilst the above arrest occurred there were numerous groups shouting and swearing and becoming hostile towards police officer. Further units were requested at the location to help deal with the crowd.

There was a disorder at the van and a female was arrested for obstruction and assault police this then caused further disorder and she was dearrested. Police officers note that she was intoxicated and in order to maintain staffing numbers it was decided she would be dealt with slow time.

Offence Summary by PS1868 ANGER SUMMARY:

Officers were tasked to a disorder at Brunel rooms. XXXXXXXX was detained on the floor by door staff and continued his drunk and disorderly behaviour. He was arrested by 2552.

At the time of arrival there were approximately 40-60 people outside the club. Door staff were dispersing various people. XXX taken to the van parked closest to the rear door and placed in the rear cage. Van is blocked in by taxi's. Numerous family members approach the van and request that XXX is de-arrested. Attempts made to disperse family as XXX is kicking off in the van. One female who i now know as XXXXXXXX asked to try and calm him down, side door opened to allow her to speak with him through the van but she climbs into rear seat area of van. XXXXX then refuses to leave the van, stating "FUCK OFF HE'S MY SON, FUCKING LET HIM OUT NOW, I'M HIS MOTHER". She is extremely intoxicated and aggressive with me. She is asked continually to leave the van but refuses and becomes more aggressive and pointing her finger in my face and an attemot to provoke and poke me in the face. No contact made. I then remove her by holding her arm and pull her towards the door. As I do she comes forward and trips over a box of Police equipment in the back causing her to fall from the van. She is prevented from hitting the floor with her upper body by myself and 2552 who catch her fall. XXXX then throws her mobile phone and a polivce blue lamp in my direction. She is arrested for obstruct and assault Police and cautioned. HC to rear and detained against van as its locked.

Whilst we are waiting for 1118 to open the van, numerous family members approach us crying stating that the female has just lost her son, stating that her son was killed and blaming the Police.

XXXXX placed in the van.

More family members including "older" family members approach officers and beg officers to release XXXX, all apologising for her drunken state and stating she is bereaving from her sons recent death. Family members promise to disperse if she is let go.

XXXX is no trace on PNC.

Due to the information regarding her bereavement, previous good character, family members apologies, agreement to disperse and lack of resources available, i decide to de-arrest in order to maintain resources and a visible presence in the area due to the volume of people present and the clubs closing hours.XXXXXX can be dealt with slow time if required.

4. POL -20130802-0071 05.17

Intoxicated male located at kingshill service station and had to be taken home by police. He had sustained a cut lip by unknown means and disclosed he had been at the Brunel rooms for the opening night.

Interview of Offender 03/08/13

Rights given, caution explained, knowledge checked and understood. At the start of the interview xxxxx was advised that he had been arrested for an assault on xxxxxxxxxx. xxxxxxxx was then further arrested for assaulting xxx.

xxxx was asked to account for where he was at 0300 hours on Saturday 3rd August 2013. xxxxx confirmed that he had been out in Swindon Town Centre at that time however stated that he couldn't recall how the incident started or much about the incident itself. xxxxx stated that the only memory he had was rolling around on the floor and being punched to the side of a head, which he believed was by a female. xxxxx stated that he couldn't recall much other than that.

xxxxx explained that he had gone out drinking with friends between 2200 - 2300 hours on the evening of Friday 2nd August 2013. xxxxx advised his riends he went out with were xxxxxx and a male he only

knows as xxxx, and when they went into town they went to the Brunel Rooms. xxxx stated he thought he only went to the Brunel Rooms last night as he couldn't recall going anywhere else. xxxxx stated that he did recall that he left the Brunel Rooms with an old friend that he hadn't seen in years called xxxxx explained he couldn't recall xxxx surname however described him as a white male, tall, skinny with brown hair aged about 20 years. Whilst out xxxxx advised he consumed 6 Brandy and cokes which were a mixture of singles and doubles, and prior to going out he had consumed 2 Brandy and cokes at home. xxxxs stated that he hadn't had a meal before going out and that he hadn't eaten for a couple of weeks as he had been living on protein shakes. xxxx advised that this was not a normal amount for him to drink as he doesn't normally go out and the alcohol effected him quite a bit and stated that this was the reason that he couldn't recall anything. On a scale of 1 - 10, 1 being sober and 10 being completely drunk, xxxxx placed himself as an 8. xxxx described himself as a tall black male, 6'3" in height with short curly black hair wearing a green and blue striped horizontal top, black jeans and red trainers.

xxx was advised of the background of the allegation in relation to how he came across the group and how the altercation started. xxxxx stated he didn't know how the altercation started. He could remember being arrested and could recall being hit by either a girl or a boy and being on the floor but could not recall much more than that. xxxx stated he could recall there being 3 - 4 of them but could not describe any of the persons he had had an altercation with.

Allegations of xxxxxxxxxxxxxxxxxxxxxxxxxxxx were put to xxxx. xxxx stated that the allegations were a lie, especially the allegation in relation to him assaulting xxxxxxxxxxxx. xxxx stated that he would never hit a girl in his life and that xxxxxx was definately lying. xxxx stated that he did not strike xxxxx round the back of the head and stated that if he had of done he would have broken his hands in doing this. xxxx stated that someone hit him around the head and he recalled rolling around on the floor being assaulted. xxxx denied that punched xxxx to the head and forehead and stated that xxxxx was lying, he was 100% sure that he would never hit a girl and if he had struck her to the head as described she would have been on the floor. xxxx was challenged that he couldn't be sure of what he did as he couldn't recall his actions, xxxx agreed with this stating "NO, I DON'T KNOW, I NEED TO SEE THE CCTV, I DON'T REMEMBER NONE OF THAT AND I DEFINATELY WOULD NOT HIT A GIRL".

The only account xxxxdid accept was xxxx account of placing him in a headlock, xxxxstated that this must have happened because that explained how he ended up on the floor, however could not recall this and only accepted this explanation and not the remainder of xxxx account. xxxx disputed the accounts and stated that they were lying and that he wanted to see the CCTV. xxxx pointed out that the injuries on xxxx were convenient in that they were in her hair where they couldn't be seen and stated that she was lying. In relation to xxxxs account of xxxx squeezing his knuckles xxxx stated it was "BOLLOCKS".

In relation to the comments made xxx stated he may have used the word "PUSSY" at some point but he would never have used the words "WHITE TRASH" stating that this was "HILL BILLY" talk and he didn't talk like that.

xxx was advised that the I/P's were all well known to each other and had no reason to corroborate each other's account, xxxx again stated that he would need to see the CCTV.

xxxx disagreed that his top was turquoise and stated that it was green, and stated when asked that he was right handed. xxxxs advised that he doesn't get aggressive when he drinks.

At the end of the interview xxxx showed his knuckles on both his hands which were clear, xxx then pointed out a reddening lump about the size of a 20p above his right eyebrow, which xxxx stated was where he was struck when he was on the floor and that the injury was not caused by him falling to the floor.

xxxxx confirmed that he would be happy to take part in an identification procedure if required.

Statement of PC CANAVAN

I am Police Constable 2491 David Canavan currently stationed at Gablecross Police station SWINDON.

At 01:02hrs on Sunday 4th August 2013 I was in company with PC 2567 Baldock in full police uniform in the Havelock Square area of Swindon. My colleague and I were monitoring the public entering and leaving the Brunel Rooms Swindon.

My attention was drawn to a male in a group of females, he had just left the club and was rather rowdy. Although he was not being abusive at this point, the male was unsteady on his feet and required the support of his friends. I would describe the male as white, approximately five foot ten

inches tall. He was wearing a white t-shirt along with dark jeans. Following this, the male started to become abusive towards the group, he was rather loud with his abusive language. This causing other members of the public to look in his general direction. I approached the male and warned him regarding his abusive behaviour, and advised him to desist. On speaking to the male, he identified himself as xxxxxxxxxxxxxx the male was slurring his words and I could smell alcohol emanating from his breath. I formed the opinion the male was drunk.

Following on, the male then started again shouting "FUCK YOU, THATS MY COUSIN YOU FUCKING TWAT" At that point the male was being disorderly and was obviously under the influence. Therefore, I approached the male for a second time and applied a top cuff to his left wrist, while at the same time I informed the male he was under arrest. The male started to resist, tensing his left arm. Using force approved techniques I took the male to the floor and cuffed him to the rear. I stated to the male he was under arrest for being drunk and disorderly in public place Contrary to section 91 (1) criminal justice act 1967. I stated " YOU DO NOT HAVE TO SAY ANYTHING BUT IT MAY HARM YOUR DEFENCE IF YOU DO NOT MENTION WHEN QUESTIONED SOMETHING WHICH YOU LATER RELY ON IN COURT. ANYTHING YOU DO SAY MAY BE GIVEN IN EVIDENCE" I informed him the necessity of the arrest was to prevent harm and injury due to his agitated demeanour. The male replied in slurred speech "I HAVENT DONE FUCKING NOTHING WRONG" The male became emotional and was crying and continued to swear stating "YOU FUCKING IDIOT, I HAVE NOT DONE NOTHING WRONG"

The male was placed in the rear of the marked police vehicle and escorted to police custody. At 01:38hrs on the aforementioned date the grounds and necessity were outlined to PS BARKER who in turn authorised his detention.

I had no further dealings.

Signature  #2491 CANAVAN, D.

Date 04/08/2013 05:03

***76658**

Female has rung in to report her phone was stolen as she can't remember what occurred the night before. Upon investigation it appears that a concerned member of public called in a report of a drunk female lying in the middle of the road. The description matches the female that thought her phone had been stolen and was so drunk she could not recall the nights events.

Investigator entry

xxxx attended her scheduled appointment and clarified the incident occurred on the 10/08 not the 03/08. xxxxx reported she had been out for the evening with her boyfriend xxxxx and was staying at his house in Old Town. Unfortunately xxxxx cannot remember much about the evening after she got to the Brunel Rooms but at 0050 she has been told she rang a friend from her mobile hysterical and upset. Her friends could not understand what she was saying and then there are two paid taxi fares at 0055 of £16.06p which have been made using her phone which is now missing. The following morning xxxxx woke up with her boyfriend as normal. She has spoken to xxx but he cannot remember anything happening and they walked home at the end of the night together. He has been too drunk and not remembered correctly in the past.

I have checked found property and the xxxx mobile phone has not been handed in. I have added the IMEI numberxxxxxxxxxxxxx onto the NMPR database. Having checked police storm logs I have found POL-20130810-0010. A concerned member of the public called the police at 0025 10/08 to report a very drunk intoxicated girl lying in the road before getting into a black cab xxxxxx. The girl matches the description of xxxx who was wearing a xx xxxdot dress. I have made enquiries with SBC Taxi Licencing 466208 and spoke with team leader Mike SHEARS who has given a business contact number for the owner xxxxxxx.

xxxxxwas quite shocked and believed this girl lying in the road must have been her. She was also aware she might very well have lost or misplaced her phone anytime after paying and leaving the taxi. Nevertheless I have still contacted and spoken to xxxxxx who reported no phone had been found. xxxx would however still like to query the double fare so I have given her the number for SBC Taxi Licencing. Suitable advice has still been given to xxxxx about the level of her intoxication and the vulnerable position it places her in. Closed for consideration as UNDETECTED pending further information coming to light.

9. POL-20130826-0076 03.52
***81710**

A report was made of a disorder occurring near to Regent Circus and involved a group of known males who had been into the Brunel Rooms that evening. All the males that were involved in the disorder and that had been to the venue are banned on pubwatch for being involved in disorders in other licensed premises.

An intelligence report was received describing the incident.

In the early hours of Monday 26th August morning(approx 4am) there was a large disorder outside Rudis bar. The group concerned had been in the Brunel Rooms prior and are all on pubwatch banning orders concerning a previous disorder. They also were in possession of large bottles of champagne, brandy etc which they got out of Brunel somehow and were clearly intent on using them. The names below are the persons involved. These individuals would not get in anywhere else due to there previous behaviours/reputations. There were numerous fights in the venue last night, half of which were not reported via scrip radio to the police.

A male was assaulted on Princess Street following a disorder at the Brunel Rooms. He was set upon by Jason Ranford and his girlfriend who has hit him with his belt. The male could not be contacted for some time after the original report was taken and when he was finally contacted he declined to make a statement.

11.POL-20130908-0053 01.37***85534**

Male has exited the Brunel rooms and chased another male after being racially abused. One of these individuals has dropped a knife and doorstaff have given chase. The male that had been at the premises that evening states he was drunk and had consumed about 10-11 pints throughout the night. This male was drunk and aggressive and received a Caution for public order.

Offender interview

Introductions, reminded of legal rights and caution explained which xxxx indicated he understood.

Arrested for an offence of affray by LCI 8368 at 1325 hours and cautioned.

xxxx when asked provided the following account. he was in the Brunel Rooms and when he came out he saw his old friend xxx (He later confirmed this was his cousin), they chatted and he was intending to walk home to xxxxxxxx was racially abused by a man and he chased him intending to get a look at his face and then report it. he was about 10 -15 metres behind him. That was it he didn't know about anything else including any knife. He went onto say that the Brunel Rooms had a scanner which he

had to go through so if he had a knife it would have showed up. xxxprobably had it on him outside. he just followed xxx into the car park as it wasn't on his way home to Henry Street. Joh nstated xxxwas arguing with someone outside the club but he didn't know who. xxx was trouble and that's why he didn't hang around with him and he just wanted a quiet life. He had pulled xxxaway from the man he was arguing with outside the club and accepted this is why they had gone a different way.

When they got into Iceland car park another unknown male who had obviously heard him talking told him "Fuck off back to your own country you foreign cunt". This had made him get very angry, with the drink he had consumed 10 -11 pints so he chased after the man intending to look at him but the man was too quick. He did admit to shouting "Don't let me fucking get you" at the male and accepted this would have scared anybody nearby. he did this because he was so angry at what the man had said to him.

xxx completely denied having the knife, seeing anyone else with the knife or even knowing about the knife and stated his forensics would not be on the knife.

Witness accounts put to him and he confirmed the descriptions give nmatched him and xxxx, xxx being the one in shorts.

Account summarised and he wished to add nothing.

12. POL-20130907 – 0038 01.45hours
***54130085295**

Male was searched and an amount of white powder was located on the male.

In interview he stated that he had made a silly mistake and gone out and bought ketamine. He confirmed he bought it from a random person (whom he declined to name) outside the Brunel Rooms and had paid £40 for 1.5 grammes, which was the 2 wraps.

He confirmed he had used a couple of lines before being stopped and had been in and out of the club throughout the evening and it is only when he went to go back in the last time that he got stopped.

13. POL-20130925-23 03.59hours

Brunel had an after party for the Swindon v Chelsea game.

The DPS and staff have left at 2am leaving Helene, Paula and Jason in with friends. An incident has occurred inside the premises and Jason Ranford has ejected individuals from the premises. This has continued outside of the premises. A male has complained that he was assaulted and money taken off him. The premise licence allows the premises to remain open to members of the public until 01.30 on Tuesdays.

CCTV viewed by 6454 Licensing and a scuffle is seen inside at 3.29 and this is then taken out into the smoking area where Ranford is seen to push them through the exit at the top of the ramp and then close the door. There is a lot of pushing and shoving involved. Throughout there are a number of people on the premises all drinking.

Email from PC Hastings

Hi Sian,

Jason RANFORD threw a private party last night and didn't have any door staff on duty. He was letting people out of the top entrance and making them walk down the ramp to the annoyance of Brunel security. They are making a formal complaint about him in the morning.

There was a large fight which started inside the venue and spilled out on to the ramp. The fight on the ramp has been caught on CCTV, however this was not available to us immediately as they were having technical difficulties. Details of the people involved were taken. 2 bar staff were spoken to who stated there were no security staff on this evening. Brunel security can also confirm that.

A couple of the people we stopped also stated there were no security staff and they had to intervene when a male started kicking off and throwing glasses and bottles at people, they said RANFORD couldn't handle it and was in a flighty mood.

We are not sure on how many people were there but apparently it was advertised on face book. We were told that Swindon Town club members were there and also STFC fans. The club still had people in at 4am this morning.

We have asked Brunel security to down load the CCTV so we can review it before we take any further action. There were no complaints from the people that had been injured but they may change there mind when sober! All people involved were heavily intoxicated to say the least!

Thanks Leila 2532

14. *54130090190 22/09/13 02.45

An incident occurred with a group of females . Pushing and shoving has occurred and a male suspect has thrown glasses and contents of the glasses at the IP causing anxiety and distress, these have hit the IP in face and on leg. This occurred in the main area of the club and staff were required to intervene however this was not reported to the Police on the evening. The IP has also made an allegation that the same individuals involved have gone on to cause damage to her car thqat was parked in the Iceland car park. Enquiries were ongoing until the IP and witnesses refused to engage any further with the investigating officer as they said that they were now friends again with the suspects in this case.

PC Shanklin's write up on Niche of arrest of male.

OFFENCE: Drunk and Disorderly

TIME / DATE: 010 hrs 4-10-13

LOCATION: HAVELOCK SQUARE, SWINDON

SUSPECT: XXXXXXXXXX

WITNESS: PC 2522 SHANKLIN & PC 2600 BARKER

This relates to a report of an arrest for a male who has been arrested D&D and issued a ticket.

Police were called to the BRUNEL ROOMS after a report of an aggressive male refusing to leave after having been ejected.

Upon arrival XXXXXX was located outside intoxicated and refusing to leave the area. He continued to be aggressive towards staff and Police. He continued to shout and swear and called Police "FUCKING CUNTS". MORRISON arrested D&D by PC SHANKLIN at 0110 hrs.

At Custody it was clear that XXXXXX had an injury to his left cheek bone, he was taken to GWH whereby he was released and issued a ticket by PC SHANKLIN.

Ticket number 054-80-3-0001234-3-18-£90

Offence Time: 0110 hrs 4-10-2013

Offence Code: CJ67002

Issued: 0235 hrs 4-10-2013

SWADS card issued at time of ticket.

It is worth noting that, a niche will be created in relation to the assault. BRUNEL SECURITY have footage of the assault involving Jason RANFORD (Manager of Brunel Rooms).

16.54130094396 04/10/13 00.54 hours

Officers have attended a disturbance at Brunel Rooms (as detailed above) and a male was arrested for being drunk and disorderly. On arrival at custody the male was seen to have sustained an injury to his left cheek bone with some large swelling. The male was conveyed to GWH. CCTV enquiries with Brunel Security show that Jason Ranford a manager at the Brunel Rooms has assaulted the male. Jason Ranford was arrested and bailed for the offence. Jason Ranford then pleaded guilty to the assault whilst at court being dealt with for other matters and was sentenced to 4 weeks imprisonment on top of further sentences.

The doorstaff log did not record accurately what occurred during this incident and does not mention any assault by Jason Ranford on the customer despite several members of door staff being present and involved.

PC Shanklins Statement

I am A Police Constable based at Gablecross Police Station employed by Wiltshire Police.

On Friday 4th October 2013 I was on duty and in full uniform in company of PC 2600 BARKER. During the evening I was dealing with a male XXXXXXXXXXXX who I had arrested for being drunk and disorderly outside the BRUNEL ROOMS NIGHTCLUB, SWINDON. Upon arrival at Gablecross Custody it was clear that xxxxxxxx had an injury to his left eye and cheek bone. xxxxxxxx had a swollen left cheek bone which had swollen to about the size of half the size of a ping pong ball.

Xxxxxxxx was taken to Great Western Hospital by myself and PC BARKER whereby he was left at A&E to be treated.

At 0300 hours I attended BRUNEL SECURITY Control Room whereby myself and PC BARKER viewed footage from their camera's showing an assault by a male I know called Jason RANFORD bn 4-8-1986. RANFORD I have met several times before and know he is the manager of The BRUNEL ROOMS NIGHTCLUB, SWINDON.

I watched the footage on a monitor and could clearly see RANFORD outside the doors of the BRUNEL ROOMS wearing a jacket with the BRUNEL ROOMS printed on the back. I could see a male who I had dealt with several hours earlier by the name of xxxxxxxxxxxx. xxxxxx could be seen being ejected out of the club and restrained on the floor by several door staff. RANFORD could be standing over and getting involved in the incident. I could see that xxxxxxxx gets up to his feet and is then grabbed by RANFORD and then punches xxxxxx to his face and then holds onto MORRISONS chest area whilst having right fist clenched in the air ready to punch him again. RANFORD appeared very aggressive in

his body language. xxxxx is then seen walking off away from the club and then returns whereby RANFORD pushes him again and is taken to the floor by other bouncers. I could see RANFORD stamp on the floor very close to xxxxxxx hands, I could not tell if his hand was stamped on. I know that RANFORD is not meant to be getting involved into any of the incidents at BRUNEL ROOMS as he is not an SIA badge holder due to his violence. RANFORD could be seen on the CCTV intervening in the incident. There were sufficient bouncers to deal at the scene but RANFORD continues to get involved. Finally I see RANFORD push and check xxxxxxx as he returns to the front of the club and RANFORD then pushes xxxxxx against the wall, punches xxxxxx in the face and bring his knee up to xxxxxxx face. The whole incident lasted 12-15 minutes on camera.

Signature  #2522 SHANKLIN, J.

**17.POL-20131004-0048 0307hours
54130094391**

An argument occurred at the venue and Door staff intervened. 2 females then went to commercial road to get some cash for a taxi and the other group involved in the argument came resulting in a female assaulting the 2 females and a theft of a mobile phone. 2 cars were also involved and drove off after the assault. No statements could be taken from witnesses or victims as they were heavily intoxicated and the story changed many times and all parties were hysterical.

Niche investigation entry by PC2600 Barker
OFFENCE: THEFT x1 ASSAULT x2
TIME/DATE: 04/10/13 0247hrs approx
LOCATION: COMMERCIAL ROAD, SWINDON outside NATWEST bank

VICTIM: xxx, SWINDON
VICTIM: xxxSWINDON
WITNESS: xxx, SWINDON
WITNESS: xxxxxxxxxxxxxxx

SUSPECT1: Unknown xxxxxxxx female
SUSPECT2: Unknown white male
Stolen Property: Black xxxxxxxxxxxxxxxxxxxxxxxxxxxxxxx

The injured party had been drinking in BRUNEL ROOMS, SWINDON. On leaving the premises the group have had a argument with another group of people. It is unclear what was said here or if this is the same group that were involved in this incident. BRUNEL ROOMS security have stepped in at the point and sent them on their way. The IP's state that they do not know the people in that group.

The IP's have then walked to COMMERCIAL ROAD, xxxxxxxxxxxxxxx has got money out of the NATWEST cash point at 0247hours for a taxi. Before a taxi had been called the unknown female has approached the group and confronted them regarding the argument outside BRUNEL ROOMS. Whilst this was happening 2 vehicles pulled up alongside the group. A male got out of 1 car and 2 males out of the 2nd.

The unknown female has assaulted xxxxxxxxxxx by pushing her to the floor. As a result of the assault her phone has fallen to the floor.

The second Victim xxxxxxxx has attempted to help her sister xxxxxx and in the process been pushed to the floor by the unknown female causing a graze to her right knee.

The suspects have driven off. No VRM was taken the IP'S described the car as a xxxxxxxxxxx possibly a xxxxxx in light xxxxx, it has driven up COMMERCIAL ROAD towards the old Swindon college site. Neither victim

can state anything about the second vehicle or what suspect were connected with that vehicle.

xxxxxx has got up from the floor and noticed that her phone is no longer on the floor. This is not a robbery this is a assault and a theft. The mobile phone stolen is a xxxxx with a xxxxack case xxxxxxxxxx

Unknown female is described as: Mixed race female, 20's, wearing a xxxxx xxxxx dress.

Unknown male is described as: White, 20's, blonde hair in a quiff over to the side, light coloured top.

All witness and victims were heavily intoxicated and statements were not able to be taken. The story of what happened changed many times and it was very difficult to ascertain what had happened all parties were hysterical.

ENQUIRIES NEEDED:

CCTV of COMMERCIAL ROAD if any

CCTV of altercation on the corner of BRUNEL ROOMS and SAINSBURYS to ascertain if this is the same group.

Statements from IP'S and WITNESSES.

**18.POL – 20131013 – 0054 02.54 Saturday
54130097613**

A male reports to have been assaulted by 2-3 males in Havelock Square. Male could not give very good description due to his high levels of drunkenness. Officers could not take SOE due to IP being drunk.

Niche investigation entry PC Biddall

I did speak with xxxx after his formal interview as a suspect (for an unrelated offence) was completed.

He stated he did not remember anything about the incident as he was drunk and therefore did not want to make a complaint of assault as he cannot remember.

**19.POL-20131103-0082 03.03hours
54130104648**

Male has been hit to the head with bottles causing injuries in the VIP area. Male refused to make a complaint following police attendance. When officers attended the premises initially the crime scene within the VIP area had been cleaned up and there was no evidence of the smashed glass available to seize.

Extract from investigation log from PC 2530 Winter
Location: Brunel Rooms Havelock Square, Swindon

Time/Date: 0304 hours 03/11/2013

Aggrieved: xxxxxxxxxxxxxxxxx

xxxxxx was in Brunel Rooms nightclub VIP area with friends when he has been struck to the head twice by a bottle. It is unknown why this has occurred and the only description of offenders were given by his friends. There were two males involved one described as wearing a white scarf with a skeleton pattern on it. xxxxxxxx has been treated by door staff and eventually taken to hospital. Police have arrived while he is being treated and had to

deal with a number of highly aggressive people in the area and as a result were unable to collect full details from witnesses as most were uncooperative and intoxicated. CCTV has been viewed in the club and searches made for possible offenders but neither were positive and as a result it is not possible to identify offender/offenders.

At hospital where he has been escorted by officers xxxxx has declined to make a complaint and confirmed he does not know or be able to identify the offenders.

As a result there are no further lines of enquiry and no evidence to present from the aggrieved. No arrests were made in connection to this assault.

PC 2530 WINTER

20.54130104655 03/11/13 03.25

Officers were at the premises dealing with the above assault. They were trying to keep customers away from the area the paramedic was working on the injured party of the assault but a male refused to leave the area and was told several times to go away. In the end the male had to be arrested for being drunk and disorderly.

PC 2580 Owers Statement

On SUNDAY 3 NOVEMBER 2013 I was on duty in full uniform in company with Police Sergeant 1623 SPARGO on mobile patrol in SWINDON TOWN CENTRE. At approximately 0315 hours we attended THE BRUNEL ROOMS, 1 HAVELOCK SQUARE, NEW TOWN, SWINDON following a call for assistance from police units already at the scene of an assault. We arrived at the scene shortly afterwards where I saw a male sat on the ground opposite THE BRUNEL ROOMS being treated by ambulance staff. I would describe the atmosphere at the scene as very tense. There were numerous police officers and security staff trying to keep members of the public from interfering with the ambulance staff and trying to keep the situation calm.

As I was stood protecting the scene I noticed PC 2530 WINTER walking towards a male who was stood by the wall close to where the paramedics were working. I now know this male to be Mr XXXXXXXXXX. I heard PC WINTER say words to the effect of "I TOLD YOU TO GO AROUND, GO AWAY". XXXXXX started arguing with PC WINTER however I could not hear what he was saying. For at least a minute I heard PC WINTER tell XXXXXX numerous times to move away however XXXXXX ignored him and continued to argue. PC WINTER then took hold of XXXXXX and began to push him away from the scene. I saw XXXXXX resist him and at this point I moved towards them. At 0325 hours I heard PC WINTER say "YOU ARE UNDER ARREST FOR BEING DRUNK AND DISORDERLY YOU DO NOT HAVE TO SAY ANYTHING BUT IT MAY HARM YOUR DEFENCE IF YOU DO NOT MENTION WHEN QUESTIONED SOMETHING WHICH YOU LATER RELY ON IN COURT, ANYTHING YOU DO SAY MAY BE GIVEN IN EVIDENCE. YOUR ARREST IS NECESSARY TO PREVENT INJURY TO ANY PERSON". He then started trying to apply what looked like an arm restraint. I took hold of XXXXXX left arm and began to force it behind his back with the intention of placing handcuffs on him. I was aware that PC WINTER was doing something similar with XXXXXX other arm however XXXXXX strongly resisted us, tensing his arms out straight and pulling away from us. With the aid of other officers and staff from THE BRUNEL ROOMS we took XXXXXX to the ground in a controlled manner. At this point I managed to force XXXXXX left arm behind his back and handcuffed him in the rear stack position. I double locked the handcuffs and checked them for tightness. We assisted XXXXXX to his feet and began to walk him through the town centre towards the POLICE CENTRE POINT. On the way there I loosened XXXXXX handcuffs after he complained they were too tight and I checked them again for tightness. I could smell alcohol

on his breath and he slurred his words as he spoke. He eyes were also glazed and I therefore formed the opinion he was drunk.

Once we reached the POLICE CENTRE POINT, PC WINTER told XXXXX that if he calmed down, he would issue him with a section 27 direction to leave the area and he would be de-arrested. XXXXXX would not listen to what PC WINTER was saying and continued to be very argumentative. He was subsequently placed in the back of a marked police vehicle where I transported him to SWINDON GABLECROSS CUSTODY in company with Special Constable 4205 LANG. We arrived at GABLECROSS CUSTODY at 0350 hours.

Following this incident I am aware that PC WINTER has attended the Accident and Emergency Department at SWINDON GREAT WESTERN HOSPITAL and has been told his hand has been broken. He is unable to write a statement or issue the appropriate ticket because of this.

Email from PC Owers describing levels of intoxication and confirmation of the offenders attendance at the Brunel Rooms.

Hi Sian

I remember asking xxxxx where he had been drinking and he stated he had been in the Brunel Rooms all night. On a scale of one to ten I would say that at the start he was between 7-8 and this went down to a six after we went through custody (which took almost 2 hours anyway). He kept repeating the same story over and over again (almost word for word) which I would put down to his level of intoxication. He literally did not stop talking for the whole two hours. It should be noted that the door staff they had working outside Brunel Rooms did assist me and Tristan and from what I saw they seemed to be fairly on the ball. However I was not present when the huge ruckus occurred just after I left and I do not know what they were like then.

Hope this helps.

Regards

Nick

21.5413004654 and 5413004657 03/11/13 03.52

This incident links into incident 19 where a DJ that was booked to perform at the premises failed to turn up. This caused a disorder to occur at the premises where a male was injured. A male was initially arrested for being drunk and disorderly and became violent upon arrest, assaulting officers and causing one officer to sustain a fractured hand and another officer to have a bruised finger. Police officers used batons, incapacitant spray and force to gain control of this male.

PS 1623Spargo's Statement

I am a uniformed Police Sergeant stationed at Gablecross Police Station, Swindon. On Saturday 02nd November 2013 I began my duty at 2200 hours for a 2200 – 0700 shift.

At approximately 0300 hours I was in a marked police vehicle in company with PC 2580 OWERS. We were both wearing fluorescent police jackets and dressed in operational police uniform. At this time I heard PS 0894 Kinderman report a disorder outside of the Brunel Rooms, HAVELOCK SQUARE, Swindon. This information had come to him via the Scrip radio that town centre police officers were wearing. At 0306 hours I heard another officer who had got to scene asking for further police units to attend as there was an ongoing disorder.

On my arrival at the scene moments later there was a large crowd of people outside of the club. There were a number of doorstaff from the club in bright jackets. I saw an injured male on the floor sat with his back against the wall directly in front of the club. He was being tended to by two door supervisors and a couple of females. The door supervisors had wrapped a bandage around his head and I assured the females who were shouting at me that an ambulance was on its way to the scene. To my left I could see PC WINTER holding back two males. One of them was a tall black male who I now know to be xxxxx. He was distinctive because of his height, he was wearing a dark coloured hoody and jeans. The shorter male kept trying to get to the injured male on the floor, I understand that this was a relative of his but everytime he managed to get free and get over to the injured male he was interfering with the doorstaff who were providing emergency first aid.

Tensions were obviously running high outside of the club and I saw a number of other people being repeatedly pushed back by officers trying to keep the scene clear. The tall male and the short male persistently tried to get back towards the scene, swearing and shouting, raising their arms, not listening to any directions to leave. I heard both of them

being giving numerous instructions by officers but they failed to stop. At one point I took my PAVA spray from its holster as I thought xxxx was going to be arrested. I soon placed it back in its pouch and replaced it with my cuffs and had to handcuff the smaller male as he became aggressive towards police officers. He was then led away by SC 4161 WINTON.

In order to try and establish what had occurred I went in to the club and asked to be shown where the fight had started. I was shown to the VIP room. Staff had cleared most of the disorder. I could not see any blood but the room was dark. I could see some smashed fragments of a pink bottle on the floor. At 0323 hours I seized three pieces of pink glass from the VIP room floor as exhibit ASS/01.

I then went straight to the managers office where I watched the CCTV of the incident inside the club. It was impossible to see offenders, the screen was dark so I was unable to pass descriptions of offenders. I seized the CCTV copy from Manager Nathan HATTER at 0330 hours as exhibit ASS/02.

On leaving the club I seized from a female member of doorstaff a blood stained belt that she had taken off a male involved in the fight outside the club. Apparently he had been using this as a weapon to strike people. This belt was blood stained. I seized this as exhibit ASS/03 at approximately 0340 hours.

On leaving the club, I monitored the situation outside the club for approximately ten minutes with Insp 1011 LONGDEN. My attention was continually drawn to xxxx. He was stood approximately ten metres away to the right of the club as you look it. I could hear him use the word "FUCKING" loudly and constantly. It appeared to me that he was angry with one of his friends in the group he was with as they were trying to calm him down. He kept raising his hands and stomping off and then would come back to the group seconds later and more shouting would occur.

Insp LONGEN, PC 2530 WINTER and I eventually went to our police car which was parked to the left of the entrance of the club. I continued to watch xxxx from my drivers seat. I had a clear view of him. He went to the entrance of the club and appeared to be remonstrating with the doorstaff there.

We all exited the vehicle and went back over to support the door staff. I could hear a door staff member with fair coloured hair and a blue jacket under his tabard tell xxxx to leave the club entrance, he was firm, clear and told him to leave the vicinity of the club. PC WINTER was helping to escort the male away. xxxxx kept trying to get back to the club. Due to his

aggressive demeanour and that I feared a fight was going to break out. I took my cuffs that had been returned to me and placed one cuff on to xxxxx's right wrist. His long sleeved black hoody was in the way and I wasn't able to get the cuff to lock in place. xxxxx immediately began to struggle telling me to "FUCK OFF". As I had hold of his wrist through his jumper he was pulling away from me and wriggling his arm up out of his sleeve and I saw his hand come out of the neck of his jumper and I was holding on to his sleeve. There were members of his friends trying to get involved and xxxxx was clearly trying to resist arrest. I said to him that he was under arrest but did not get chance to say what for, or to caution him or to explain the necessity as he began to violently struggle against me. PC WINTER was assisting me and we were able to get him against the passenger side door of the police car. We were telling him to calm down, to stop struggling. PC WINTER told xxxxx that he was under arrest for being drunk and disorderly. PC WINTON and I had hold of an arm each, with xxxxx body leant against the car and xxxxx then said "I'M GOING TO FUCKING SMASH YOU UP" or words similar. They were clearly meant as a threat or intention towards PC WINTER and I. I could feel him tense up against my hold and then he began to really struggle. We ended up moving away from the car as we tried to restrain him and I heard PC WINTER say to take him to the ground. I put out my right leg, placed in front of xxxxx and tried to take him to the ground. This didn't work as he was able to step over my leg. I then got out my PAVA and sprayed it directly in to his face.

Somehow myself, PC WINTER and xxxxx did end up on the floor. PC WINTER was on his back, a most vulnerable position in a disorder, xxxxx crouching on either his knees or toes but his torso over PC WINTER and I believe I fell to my knees. I put my weight on to xxxxx's back trying to push him prone to the floor but was shaken off. I was really concerned for PC WINTER, I could see fear on his face, he was trying to push xxxxx off him, he was shouting at him to stop assaulting him and telling him that he was further arrested for assault on police. I grabbed xxxxx in a bear hug around his stomach and was just hanging on trying to get some compliance but to also stop him struggling or making off from us. I was aware of his friends all crowding round us, getting involved and I think trying to pull us away from the male. INSP LONGDON came to help.

Somehow we ended up on our feet against the wall of the club I still had my arms around xxxxx's waist with my head lowered and I think under his arm. I was aware that PC WINTER and INSP LONGDEN were behind me. I could hear PC WINTER then shouting "LET GO OF MY HAND, LET GO OF MY FUCKING HAND". It was clear from his pitch, tone and shout that he was in pain. I believe that it was at this time that I pressed my emergency button to get more officers to the scene quickly. My PAVA canister had been knocked out of my hand during this disorder and I could see it lay on the street. I was very concerned that

somebody would pick it up and use it against us or other members of the public. I shouted to a doorman to pick it up and keep it safe. As xxxx was still struggling against us and we didnt seem to be getting any compliance, I took out my ASP baton, racked it with my right hand and began to strike him against the back of his right thigh. I was aiming for the large muscle mass and was careful to avoid the back of his knee. Due to our close proximity I struck him three or four times but without any great power generation.

At this point a black female wearing a grey top grabbed my baton. She was yelling at me to stop hitting him and saying "WHAT ARE YOU HITTING HIM FOR". I told her numerous times to let go of my baton and we were having a tug of war. As one hand was still wrapped around xxxxs waist I only had one hand to pull back my baton. I recognised this female as being present when the doorstaff were treating the injured male from the earlier related incident. The doorman with the blue jacket came over and grabbed him from behind, holding her with his arms. I said that she had been very helpful earlier and I didnt want to have to spray her in order to get my baton back and in order to arrest her. She then gave up her grip on the baton. I believe that the doorstaff had placed a cordon around us to try and stop others interfering with the arrest.

At this point xxxxx was in cuffs and was able to be taken to the police car. Lots of people were filming us on their mobile phones. xxxxxx friend was stating that he wanted to be arrested and was wandering up to the police car but was kept away by the proactive doorman. I retrieved my PAVA canister and also my epaulette that had been ripped from my jacket.

There was a long queue to get into the custody holding area so I assisted custody staff by booking in prisoners that were unrelated to any incidents I had attended. When xxxx was brought into custody, I provided the grounds to PS Flynn as PC WINTER had been taken to Great Western Hospital. Whilst giving the grounds I received an update that PC WINTER had a broken left hand. At 0520 hours I said to xxxx "I am arresting you on suspicion of greivous bodily harm on a police officer as the injury is more severe than originally thought". I reminded him that he was under caution and repeated it to him. He made no reply, just nodded his head.

Due to this incident and the very violent nature of xxxx, I have a bruised left ring finger which is quite painful, a blood bruise present on my left knee and a swelling to my lower right shin. My left side of face was sore at the time of the incident, I think from the general scrum of being tucked into xxxxx body but this has since worn off.

At 0942 hours I produce my PAVA canister as exhibit ASS/04. At 0950 hours I handed exhibits ASS/01 – ASS/04 to PC SULTAN to book into the special property cupboard for me.

I would like to add that xxxxx was given multiple opportunities to leave the vicinity of the club from our arrival at 0300 until his arrest at 0352. He was constantly parading up and down for others to hear and see, raising his voice, being aggressive in his stance and manner, swearing and offering violence. When he threatened PC WINTER and I against the car, I genuinely believed that if he was able to get free he would cause one of us great injury, I was really scared for our safety. When PC WINTER was on the floor, he was on his back, really vulnerable and I could hear him shouting "STOP ASSAULTING ME".

In thirteen years of policing I have never had to use my ASP baton against someone. I had no option tonight and believe this shows the level of aggression and resistance xxxx put up to arrest.

PS Spargo

Inspector Longdons statement

At 0350 hours on Sunday 3rd October 2013, I was on foot patrol duty in high visibility uniform outside the Brunel Rooms (Club), Swindon when I assisted Sgt 1623 Spargo and PC 2530 Winter with the arrest of a male I now know to be xxxxxxxxxxxxxxxx.

xxxxxxx had been around the outside of the club for around 20 minutes and had been shouting at the top of his voice and waving his arms around in manner that suggested he was seeking to offer violence to person/s unknown. The atmosphere was tense; the club had been let down on an act, customers were streaming out and miscellaneous persons were making offers and threats of violence to each other and xxxxx behaviour had helped to increase the level of fear and tension outside the club exit. However, due to Police Officers being committed elsewhere, it had not been practicable to arrest xxxxx and others.

At 0350 he was in the process of being arrested for being drunk and disorderly. However, the arrest was not progressing smoothly, in that; xxxx was offering extreme resistance to the arresting officers and there was a group of persons supportive of xxxxx and hostile to the officers (around the officers and OFORI).

Sgt 1623 Spargo and PC 2530 Winter were engaged in a struggle with xxxx and I would describe xxxx offer of violence and resistance to these officers as 9/10 (It would have been

10/10 had he been able to land any punches). xxxx resistance went far beyond any 'normal' resistance to arrest. He was using all of his power (circa 6'2" well built man) to try and overwhelm the officers and was seeking to acquire body 'targets' on the officers and land blows that would enable him to escape. Such was the force and fury of xxxx blind aggression and his immunity to pain (he is a very fit and youthful young man), that I believed that if he broke free; he was capable of killing another person, most likely myself or another officer, with his bare hands. I sensed we were about to be overwhelmed and he would use his size and power to inflict a very serious, potentially fatal attack. Therefore, as I was unable to make any impact on restraining him by use of my bare hands alone, I discharged my PAVA spray into his face, in the only way I could get a 'shot'; that is, approximately 12" away from his face. This flies in the face of approved teaching, but I believed the risk of minor injury to xxxxx eyes outweighed serious injury to myself and the other officers. Also, xxxx was buoyed up by the other friends who were shouting and egging him on to escape and the situation required a very quick decision. Two quick bursts of PAVA immediately caused xxxxx to put his hands to his face, he was handcuffed and led to the Police car, where he sat on the rear passenger seat for a few moments to clear his eyes. I consider my use of force to be lawful (enable arrest / prevent escape), necessary, reasonable and proportionate.

xxxx was taken directly to the custody unit at Gablecross Police Station, arriving circa 0405 hours. It is of note that on the return journey and whilst waiting in the custody holding area; xxxxx calmed down and was apologetic about his behaviour, for example stating that he had 'seen red' because he had seen his cousin injured earlier that morning.

Notwithstanding xxxx apparent regrets, at the time of his arrest – and at the time leading up to his arrest – I consider him to have exhibited highly dangerous behaviour and he was intent on offering and delivering violence to any person around him, such was the level of his temper.

Inspector Longdons additional statement

Further to my previous statement regarding xxxxxxx and an incident outside the Brunel Rooms, Swindon at 0350 hours, I can confirm / clarify the following points:

- 1 – My previous statement (Niche time 0857 hours 031113) was written by me, but the 'header' containing my name and occupation did not 'save' on the computer, but I can confirm the statement is mine.
- 2 – At the time of the incident, I was the North night shift response uniform police Inspector, responsible for response policing across the North of Wiltshire and Swindon
- 3 – xxxxxx was wearing a dark blue T shirt and jeans and I seem to remember he had a dark top on over his T shirt earlier when he was outside the club entrance, prior to me help with his restraint.
- 4 – With regard to identification and continuity: I sawxxxx for approximately 20 minutes from his behaviour outside the entrance to the Brunel Rooms to his arrest, he was then under constant supervision with me until he was booked into custody, the distance between xxxx and I varied between 10 metres and extreme close contact as he fought, the lighting at the time was good due to the ambient street lighting and the bright lighting at the entrance to the club, there were no obstructions between myself and xxxxxl at the material times in that I had hold of him or I was between him and persons leaving the club in the instances before his arrest, I had never seen xxxxx before, at the time of arrest I remembered him for his disorderly behaviour outside the Brunel Rooms just minutes earlier, the whole arrest / compliance incident lasted approximately 2 minutes, I can state categorically that the person I saw outside the club behaving in a disorderly manner, the person I assisted in controlling when arrested and the person presented at the custody suite are the same person; xxxxxxx
- 5 - In my previous statement I describe xxxxx as 'offering extreme resistance': To clarify: xxxxx appeared to be using all of his body strength to resist the officers, raging like a wild animal; for example when Sgt SPARGO and PC WINTER attempted to grapple xxxx he shook them off as if he were a wild bucking bronco type animal.
- 6 – In my previous statement I describe xxxx as 'hostile to the officers': To clarify: xxxx showed all the classic signs of hostility; bared teeth, hyperventilation, clenched fists, wild gross motor movements thrashing his body and limbs about in a reckless manner, hands raised in combat position when able to do so. xxxx was in my opinion, simply out of control and wild with rage; by his own admission xxxxx stated he saw 'red', because his cousin had

been injured earlier. I remember xxxx bellowing or shouting, but I cannot remember what he said.

7 – In my previous statement I describe xxxx as 'engaged in a struggle': To clarify: there are no other words to describe his actions. Sgt SPARGO and PC WINTER were trying to arrest xxxx and he was resisting; he dragged them a number of metres along the pavement, from the club entrance area towards the loading area before I intervened. I was a few feet away and allowed Sgt SPARGO and PC WINTER time and space to try and subdue xxxx, but after a matter of seconds, I saw that the situation was clearly hopeless and there was a distinct possibility of xxxx and / or the crowd securing his release, so I grabbed xxxx and administered PAVA spray.

8 – In my previous statement, I describe a 'group of persons supportive of xxxxx and hostile to the officers: To clarify: there were approximately 6 persons around Sgts SPARGO and PC WINTER, they all appeared to be supportive of xxxx, they were packed close in, from a direct contact to a few feet away as they filmed, there were chants of 'racist, racist, racist', some person/s were filming the incident on their mobile phone/s and other person/s who appeared to be helping xxxx struggles; either by reason of their presence, or hindering the officers efforts to restrain xxxxx. However, in summary, I am glad the small crowd pressed around xxxx and the officers. The presence of the crowd tended to restrict xxxxx ability to move and escape, thereby reducing the possibility of him delivering any punches.

9 – In my previous statement, I describe xxxxx as 'seeking to acquire body 'targets: To clarify: xxxx exhibited the classic sign of target acquisition, looking at the officers in a way that suggested he was looking for some location that he could attack. This is a very distinct way of looking, as if someone is in a rugby scrum, looking for a space or gap to pass a ball.

10 – In my previous statement I describe how xxxxx would have 'landed blows that would enable him to escape': To clarify: xxxxx was moving his arms around in an aggressive manner with clenched fists, but was unable to land an effective punch due to the close proximity of the officers and the crowd around him. Therefore, he had to resort to gross body movements and attempting to walk in order to defeat the officers

11 – In my previous statement I describe xxxxx 'immunity to pain: To clarify: xxxxx was not responding to any forms of mechanical pain compliance or restraint. I grabbed him with my arm, he didn't even notice. I could detect PAVA spray in the vicinity and believed xxxxx had been sprayed, but he showed no sign of being subdued by this

12 – In my previous statement I describe how 'I sensed we were about to be overwhelmed: To clarify: I was afraid that xxxx would break free from the officers; if this happened, I believed that we were in immediate danger of him using potentially lethal unarmed force against us. Therefore, I sprayed my PAVA spray directly into xxxxx eyes at very close range. This produced an immediate effect, xxxx put his hands to his eyes and the struggle was over.

13 – I have been a Police Officer for over 29 years. This is the first time I have ever had to personally deploy PAVA spray. I could see no other way of protecting myself or the other officers from xxxxx.

NOT PROTECTIVELY MARKED/UNCLASSIFIED

Nathan,

Below are the points we went over today I have cut some bits out of the incidents where Officers statements have been included so as not to make it too long and added some points that were raised today in blue.

We discussed the 0600hours events – it was agreed that you would supply police with up to date numbers and a breakdown of where those attending are from so that we can carry out an assessment of our resources etc

I will ask our resource management and Inspector to look at the resources required for the 19/10/13 and let you know costings as soon as possible.

We then started going through the points from the opening weekend. These are detailed below and either come from my own observations or from logs etc that are put on by officers.

1. 01/08/13 2045hours licensing officers attend venue to walk around. Whilst there bar staff have been asked about training in the Amphi bar. They said they had been trained in relation to fire safety, bar work, drunkenness and underage. They were asked if they supplied drinking water the reply to this was that it was only supplied in bottles for a charge. – mandatory condition is that drinking water is supplied. They were also asked about how they contact door staff for assistance. You have spoken with staff and this has been addressed.
2. Informed by security that the smoking area was going to be limited to 40 persons and no drinks allowed outside to help stop people lingering. Visit at 23.45hours. Observed that the area leading to the smoking area was very busy and uncontrolled a scuffle broke out in front of us. There was no attempt to limit people moving into the area by DS and it was very congested up there. People were also going out there with their drinks. The smoking area is limited and will be no drinks outside to limit the time customers spend out there in order to reduce the levels of noise.
3. 2345 hours walk around premises. DS hard to spot within the premises due to the low lighting and the black jackets. Suggested that the yellow tabards are used inside. This has been addressed.
4. 02/08/13 0012hours. DT01 located heavily intoxicated female outside Brunel rooms. She is with her boyfriend but it is obvious she has been served in this state. Taken from Main NTE log.
5. 2.20hours 6454 attended Brunel Rooms. Checking numbers with DS and asked if there had been many issues tonight. She had recorded 12 ejections and had only had a few

issues on the door. It had just kicked off prior to my arrival involving Jack Savages family. There were lots of groups hanging around the area with approx 6 DS gathered at the entrance. A female threw a barrier at DS shouting at them for an unknown reason. DS were still stood in the entrance.

Whilst stood at the entrance I was aware of Aaron Woolford who informed me that he was wasted on the Wednesday night and he was asking DS why he had been stopped from buying more drink. I highlighted that he might not want to continue this conversation in front of me! The DS I was talking to at the time indicated that he probably shouldn't be drinking whilst working and he said it's a perk of the job and he stated he wasn't that pissed tonight. We discussed that this is not a professional attitude for someone involved in the running of a nightclub and that it reflects badly on the management as a whole.

6. At 0232 some pushing and shoving broke out at the front of the premises and I called up on the radio for units to attend location. Shortly after this a male behind me was pushed into a bollard which made contact with his head. DS then started to react as other people then got involved.
7. Police arrived and detained 2 persons in the disorder one was arrested and kicked off and a welcoming committee had to be arranged for custody. In the meantime there was still groups shouting and swearing. Further units were requested at the location to help deal with the crowd. There were issues at the van and a XXX was arrested for obstruction and assault police this then caused further disorder and she was dearrested. Police officers note that she was intoxicated and in order to maintain staffing numbers it was decided she would be dealt with slow time. 73033 02/08/13 02.32 hours Male arrested D and D

PC 2552 MILLER arrested XXXX for being drunk and disorderly on Havelock Square, Swindon, outside the 'Brunel Rooms' night club at 0230hrs on 01/08/13.

There was a large disorder between door staff and the family and friends of XXXXX who recently died, the night was supposed to be a tribute to him. Police tried to assist the door staff but some of the persons became out of hand including XXXX, leading to his arrest. Because XXX was arrested, family and friends then turned against Police as well and proceeded to try to release XXXX from the police van. The situation became very tense and numerous persons became involved.

8. 6454 highlighted to Head doorman that he may want to pull more units down to the front to help the dispersal of customers as this is what the dispersal policy is for so people don't hang around and start fighting. I was informed that it was all to do with the Savage family and that they had left an hour ago but kept hanging around the premises. Here we discussed how the private rooms are monitored to ensure that levels of drunkenness do not become unacceptable. I note that these are monitored by the door staff regularly as well as bar staff.
9. Outside the premises there were several females who could barely stand. 1 female was bouncing into the wall. A second could hardly stand up and was helped off by her friends. Later on in the evening perhaps get staff to become more aware of the customers behavior etc so that they are picked up on before the end of the night.

- 10.02.50hours a female was inside the premises having collapsed and was awaiting an ambulance.? I'm not sure if this incident happened or not so can you check your incident log for this one.
11. Log 71 of 02/08/13 05.17
- Intox male located at kingshill service station and had to be taken home by police. He had sustained a cut lip by unknown means and disclosed he had been at the brunel rooms for the opening night.
12. Email received from the SGT on the 01/08/13 stating that the crowd from the Brunel rooms was volatile and officers had to concentrate on crowd dispersal for safety reasons. He highlighted that all they were dealing with were heavily intoxicated and the doorstaff helped officers out. The sgt gave some positive feedback in relation to the assistance from doorstaff in this incident.
13. Log 89 of 03/08/13 *73397 03.50 Fri
- Male has assaulted a group of people on Canal Walk after following them. In interview males states he had been to the Brunel rooms and consumed a number of brandy and cokes. He was quite drunk and couldn't remember much of the night's events when he was questioned the next day.
14. Saturday 03/08/13
- When attending the premises for a visit some males that appeared to be travelers were being ejected. The doorstaff were confrontational and continued arguing with one male rather than walking away and letting another member of DS take over. We discussed that this could have been handled better and that you are monitoring this at the door.
15. *73641 04/08/13 01.08 Sat
- Male has exited the premises and was seen acting disorderly. Male refused to quieten down when asked by officers and was arrested for Drunk and Disorderly. Officers statements identify the male as being drunk.
16. Log 53 of 05/08/13 Sunday
- Jason Ranford has been abusing door staff and customers at a town centre premises following being refused entry resulting in police being called due to Ranford remaining in the area. He was given WOA by Police officers to stay away from the premises. We discussed once again the level of professionalism of your staff and particularly as this was after his pubwatch ban hearing.
17. PS Nix from weekend NTE duty on 9/10/08/13 - Appears that there are fire doors without alarms (at least on Level 2). 1 patron exited through the fire doors and then ran around the roof area before being detained by BRUNEL Security, not BRUNEL ROOMS door staff (enqs ongoing) You were aware of this and the doors are now alarmed.

Kathryn and I also looked over your training and Kathryn will send on the up to date documents for you to amend. It seemed to cover the main points required.

Kathryn also raised the issue of noise and that there have been some complaints from the DMJ residents. She will address these with you and you will also provide the noise assessment so that a noise containment policy can be drawn up as per the licence condition.

On the whole the first couple of weeks have been ok with only a few issues that in the main have been sorted out. There have been a few arrests linked to the premises and as you are aware these are monitored by us and we can discuss these at each meeting we have. If you have any questions regarding the above feel free to give me a call.

Thanks

Sian

To who it may concern

I have today twice tried to contact Sharn with reference to this but with no success With any contact. We are opening the club on Tuesday 24th of September due to the big football game on so we are holding an after party after the game. I have ordered sufficient security staff and do not anticipate to attract more then 200-250 customers. But do have security in place if we do exceed this level. We will be open only 10 pm through to 1am as to our license conditions.

Any issues or concerns please feel free to contact me any time.

To: 'Nathan Hatter'
Subject: Meeting summary from 03/10/13 [NOT PROTECTIVELY MARKED/UNCLASSIFIED]

NOT PROTECTIVELY MARKED/UNCLASSIFIED

Nathan,

Please see below summary and the incidents we discussed from yesterday's meeting.

The following Incidents were discussed

1. Log and related intelligence of a disorder discussed due to the fact that it involved some known individuals that were all on pubwatch bans for various things. They were supposedly let in by Ranford and caused a number of issues inside and walked out of the venues with bottles. They then had a fight a bit further away from the venue which we were called to deal with and no complaint were forthcoming. This occurred on the August BH **26/08/13**.
2. On one licensing inspection made 07/09/13 by myself and PC Diffin we found Ranford using a weapon wand at the bottom of the stairs with very few ds around. We saw ds upstairs and asked them what was going on and they informed us they had to check on the people Jason had just let in. Ranford is not SIA badged and should not be carrying out door staff duties including searches of people.
3. Discussed DS checking and searches of customers who are re-entering the building whether they says it's for cash point etc as the male arrested for poss. ketamine said he had been in and out of the venue a few times and had obtained it outside. Nathan agreed that this would be brought up with door staff to introduce the checks on those individuals who re enter.
4. discussed the "private party" that took place last week – We ended up having to deal with some high intox people that had been injured as a result of a fight that occurred. The CCTV shows there was no control over what was going on inside. Nathan stated he wasn't happy about this and saw the CCTV from Brunel security outside and agreed that it was a mess. Email received from PC 2352 " There was a large fight which started inside the venue and spilled out on to the ramp. The fight on the ramp has been caught on CCTV, however this was not available to us immediately as they were having technical difficulties. Details of the people involved were taken. 2 bar staff were spoken to who stated there were no security staff on this evening. Brunel security can also confirm that. A couple of the people we stopped also stated there were no security staff and they had to intervene when a male started kicking off and throwing glasses and bottles at people, they said RANFORD couldn't handle it and was in a flighty mood."

5. ***85534 08/09/13 01.38 Saturday**

Male has come out of the Brunel rooms and has then chased another male after being racially abused. One of these individuals has dropped a knife. This could not be proven as to which one it was. DS have given chase. The male that had been at the premises that evening states he was drunk and had consumed about 10-11 pints throughout the night. This male was drunk and aggressive and received a Caution for public order. DS were helpful in dealing with this incident.

6. ***90190 22/09/13 02.45-0300 Saturday**

Known male suspect has thrown glasses (drinking) and contents of the glasses at the IP causing anxiety and distress, these have hit the IP in face and on leg. Both parties in a public place (night club). The car of the IP has also been damaged which the male had threatened to do. Statements and CCTV enquiries ongoing.

- There are 3 further incidents from Thursday night 04/10/13

7. ***94374 Log 22 of 04/10/13 01.21 Thursday**

Police called to the venue to an aggressive male who had been ejected. Officers were dealing when he became abusive so was arrested D&D. Male states he had been drinking all evening.

8. ***94396 04/10/13 01.21 Thursday linked to above**

Officers attended disturbance at a/l Male was arrested D&D However on arrival at custody male was seen to have sustained an injury to his left cheek bone with some large swelling. Male was conveyed to GWH. Further enquiries have shown that suspect was involved in assault. Officers have viewed CCTV at Brunel Security and

11 management
structure.pdf

an arrest has been made.

9. ***94391 Log 48 of 04/10/13 03.07 Thursday**

An argument occurred at the venue and DS intervened. 2 females then went to commercial road to get some cash for a taxi and the other group involved in the argument came resulting in a female assaulting the 2 females and a theft of the mobile phone. 2 cars were also involved and drove off after the assault. No statements could be taken from witnesses or victims as they were heavily intoxicated and the story changed many times and all parties were hysterical.

Other incidents that are linked to the premises were discussed that have Ranford as a suspect on the file and for one reason or another complaints have not been continued by the victims. We discussed that there is a common theme running through the incidents we discussed and it is up to you to control and manage what is going on at the premises. I have attached the management structure that was sent to me prior to opening and if the roles have changed then this will need updating. I also explained my concern at having Jason on the front door and carrying out duties

that should be done with the doorstaff as well as overriding entry policy for his friends and acquaintances that could potentially put your venue at risk. I advised that you speak to the licence holders and ensure that his duties are in line with the management plan.

Also discussed was the 0600hours trance event on the 19th. Numbers were asked for and it was mentioned that Gatecrasher have a similar night on so this is likely to effect numbers attending. We discussed whether payment had been agreed due to Jason questioning the payment and Sgt McLaughlin's email sent earlier today. I advised you that it was cheaper to pay for the 2 rather than the whole lot for 3 hours. You said it had been agreed.

We spoke about irresponsible drinks promotions particularly in relation to Thursdays and I advised you that you should be careful about what drinks offers you put on particularly when there are doubles etc.

It was discussed about the cheaper drinks elsewhere in the town and the fact that due to the number of promotions going on and increase in ASB over the last month if I can make links to incident occurring we will be looking for a prosecution. You assured me that you were aware of this and didn't want to go any lower than they already are and that you were advising the owners of this.

I also informed you of the complaints I have had that relate to your business that don't concern me but I have had calls reporting rude staff members after they had been served the wrong drink and asked for the correct one and the customer being told they would be chucked out if they weren't so quiet. As I stated this is your business and although I'm no bar manager these customers probably won't be returning due to their experiences.

Any queries in relation to the above let me know.

Thanks

Sian

📍 Swindon Police Station Gablecross, Shrivenham Road,
South Marston, Swindon. SN3 4RB

NOT PROTECTIVELY MARKED/UNCLASSIFIED

Brunel Rooms – 07/10/13 13.30 Gablecross police station

Present – Inspector Burt, Sian Kalynka, Helene Simpkins, Paula Harris and Nathan Hatter.

Meeting was held to discuss the assault that occurred on Thursday night at the premises that involved Jason Ranford one of the directors at the Brunel Rooms.

Insp Burt made them aware that he wishes to see businesses thriving but he has concerns about the involvement of Ranford and the safety of the customers at the venue.

HS highlighted that Jason had played down the incident and that he had been held because of another matter and not in relation to the assault. They were informed that he had been charged.

They were informed that we could not go too much into the assault but that we were disappointed with how doorstaff handled the situation and how poor the recording of the offence is entered into the incidents book.

HS stated that when he is drinking Jason does things that he shouldn't and she had asked that Andy Anderson head doorman not let Jason in when he has been drinking.

The difficulties of this were highlighted in that Jason would override Andy saying that he is their boss etc. And this puts people in a difficult position. This was put to Nathan who said he has never had to tell Jason to do something.

Helene stated that she thought he had been better since the club opened as he sees son and has a new flat and has something to occupy his time. She wasn't overly aware of his previous history but knew his previous in that he would rent a house and then not pay rent etc.

She stated he was a director of the business and that this would not stop but that he would not be on the front door anymore and would not let him drink at the premises.

It was asked why they allowed him to be on the front door and Helene said it was because he liked being there and looked after his friends from Swindon Town and boxing etc

Sk brought up that there were issues around this and the individuals that were let in at one time were all involved in something or other and that they had all been on pubwatch at one point or another.

It was also highlighted that this was not the first time an assault of a customer had occurred and that we had received another report however the IP declined to make a statement and follow it up. However this was not the case in this instance.

They were asked to go away and talk things over and come back with a decision about what Ranford's involvement at the premises would be.

They asked if AB could talk to Andy Anderson about not letting Jason in as Jason respects his voice more than hers and Paula's and would take him more seriously.

Nathan was asked for his opinion as he had been quiet throughout the meeting and highlighted that this had been brought up previously and he was just going round in circles so there was no point. It was asked by Helene why he never said anything to Jason and Nathan said you can't tell the director of the business that he is having a negative impact on his business.

The meeting was concluded by Insp Burt discussing levels of drunkenness and promotions currently occurring in the town and that overall Brunel were doing ok and that he expected a few incidents but some premise were close to the line in relation to promotions etc.

Thanks Sian,

I'll go over this again with Andy and the team, I'm sure without Jason on the door this will correct itself but I do realise all the systems are pointless if nobody is enforcing them.

I'll be working more closely with Andy and the team to iron out all these creases.

Anything else I can do just let me know.

NOT PROTECTIVELY MARKED/UNCLASSIFIED

Hi Nathan,

Just for your information there were concerns raised at pubwatch about banned individuals still being allowed to enter various premises and a comment was made by Andy when your premises were discussed.. In that he had no control over it as the management in particular when the persons are VIP's take people straight into the venue. Can you re enforce that everyone must be checked on entry and that doorstaff are in control of who enters etc This goes against what Helene was saying when we met on Monday so can you just ensure this is reinforced to your staff.

I don't need to tell you this but people are banned on pubwatch for a reason and it also protects your venue by refusing entry to those on the pubwatch list.

Any problems then please give me a call.

Many Thanks

Sian

Subject: Update

Just to update you,

Had a meeting with the team and went over topics raised in our meeting. Just to assure you, other than the current events booked in, no further urban nights will take place this year. Changes to the calendar so far are below.
23rd nov is confirmed as so solid crew.
14th dec is no longer westwood but dj target instead.

Glass vessels have been removed from the gold lounge and table service will resume shortly for wine and champagne so no glass bottles will be handed to customers.

Security numbers have been revised/increased on all sessions and the gold lounge will now have 2 SIA licensed operatives manning the doors on all nights we expect reasonable footfall. Currently it is 1 SIA and 1 non conflict.

I have gone over all issues with Andy to filter down to his team and I will ensure training takes place to all my crew also.

I have had the discussion with Aaron regarding his professionalism and conduct and I am confident I will not need to have that conversation with him again.

I have increased our minimum drinks price so the cheapest it will ever be is the selected £1.50 products on Thursdays, I will also ensure we take care how to market and promote these sessions but I will push the focus even further towards entertainment and away from any drinks promotions.

Helene and Paula have said they will forward you on all details of Jason's removal from the company as soon as they receive all the finalised paperwork, the only question i had here is if and when the pubwatch ban is renewed/extended, can we be included on the list as it is my understanding we are currently not.

Expected figures for this week are:

Thursday – already closed.

Friday – maximum 300, realistically 150

Saturday – maximum 800, realistically 500

If there is anything else I can do in the meantime or anything you would like to know, please let me know

BRUNEI DARUSSALAM

Swindon Advertiser

Club boss jailed for fraud and assault

8:30am Friday 11th October 2013

By Dominic Gilbert

JASON Ranford has been disassociated from the Brunel Rooms after being jailed for six months for two counts of fraud and two counts of common assault.

At Swindon Magistrates' Court on Wednesday, Ranford, 27, was sentenced to five months in prison for fraud while on a suspended sentence for common assault committed in February 2012.

Ranford, who was director at the club, pleaded not guilty to a new charge of common assault, which he was accused of committing on Sunday morning outside the town centre club.

But after hearing his sentence for the fraud charge, Ranford changed his plea to guilty, and chairman of the bench Roger Williams handed him an additional month behind bars.

At around 2am on October 4, Ranford assaulted clubber Adam Morrison after he had been ejected from the premises and was being handled by the bouncers on duty.

Nick Barr, for the prosecution, said: "The allegation is the defendant had gone outside the club where he works, where Mr Morrison had been ejected by security staff.

"The defendant gratuitously assaults the victim with repeated punches and stamps on him.

"The victim was being dealt with by licenced security staff before the defendant decides to take it upon himself to become involved.

"The whole incident is captured on CCTV outside the club."

Yesterday, a statement was posted on the Brunel Rooms Swindon Facebook page, which read: "In light of recent events, we feel it appropriate to release the following statement.

"Mr Jason Ranford will have no future involvement with the operation of the Brunel Rooms.

"It should also be clarified that although Mr Ranford's job title was Director, he had given no financial backing to the initiation of Brunel Rooms Ltd or its general operation.

"The company will continue to be licensed to and managed by Nathan Hatter, General Manager, with Paula Harris remaining as the sole Managing Director."

- Co-owner of the club, Helene Simpkins, has asked us to point out that Jason Ranford was not a director of the Brunel Rooms and he did not invest any money into the club whatsoever. She added: "We have had a lot of people contacting the club asking if we are closing down and we have assured them that is not the case.

"Jason was assistant manager to Nathan and helped us reopen the club.

"The money we used to open the club was ours.

"He was never a director and he wasn't involved in putting money up for the club.

"We are sorry about what has happened to him but all that was long before we opened the Brunel Rooms."

**IN THE MATTER OF AN APPLICATION BY THE CHIEF CONSTABLE OF
WILTSHIRE POLICE FOR A LICENSING REVIEW OF A PREMISES LICENCE
FOR THE BRUNEL ROOMS, 1 HAVELOCK SQUARE, SWINDON SN1 1LE.**

STATEMENT OF SIAN KALYNKA

I, **SIAN KALYNKA**, Licensing Officer, Licensing Department, Divisional Police

Headquarters, Gablecross Police Station, Swindon, Wiltshire SN3 4RB will say as follows:

1. I am a Police Licensing Officer for Wiltshire Police. I make this statement on behalf of the Appellant in these proceedings.
2. Since the application for review of the Brunel Rooms Premises licence was submitted on the 13th December 2013 further issues have become apparent at the premises.
3. The main catalyst to events was a report at 02.30hours on 1st January 2014 from Helene Simpkins that the DPS Nathan Hatter had stolen a substantial amount of money from the premises. The amount of cash missing from the premises and suspected stolen in the original report ranges from £12,000 – £30,000. There appeared to be very little knowledge about how much was contained in the premises and the investigation into the theft at the premises has uncovered poor management systems at the premises.

4. It took several days for officers to establish how much the premises operators were claiming had been allegedly stolen due to the lack of knowledge and lack of systems in place. This is highlighted in DC Lewis' investigation entry on the 2nd January 2014, "I have now taken a statement from one of the company directors Paula Harris and I can only describe the running of the club as haphazard. While I was there they all seemed to contradict with each other on how the various procedures took place... A visit will have to be made to the Brunel Rooms tomorrow to speak with XXXXX the cashier as she knows where the invoices are all kept and how they are managed although I am told she is new and may not know things fully. None of the directors or Jason Ranford the deputy manager knew how the payments worked to Hatter." Please see Additional Information Pages1-19.
5. The money that was reportedly taken from the premises that night by the previous DPS Nathan Hatter was money he believed he was owed by the premises as wages and there is little evidence to say that any more was taken from the premises. The outcome of the investigation is that there is insufficient evidence to conclude a crime was committed, and the matter remains a civil dispute between the Brunel Rooms Limited and Nathan Hatter over what is owed in wages and what was taken. No criminal prosecution will be taken against Nathan Hatter by Wiltshire Police.
6. Since this incident which has been a very public affair in the Swindon press Please see additional information pages 20-22. I have been made aware of a number of incidents that have occurred at the premises by the former DPS Nathan Hatter. Nathan Hatter has produced a signed witness statement describing incidents and breaches of license conditions that occurred whilst he was DPS and since he has left the premises. Please see additional information pages 23-25. The breaches

include regulated entertainment and alcohol being served after the licensable time, glass being allowed out of the Gold Room which is a specific licence condition and persons being allowed entry to the premises that have not been able to show valid identification.

7. In his statement Nathan Hatter highlights the difficulty he had of adhering to the licence conditions whilst Jason Ranford has been present at the premises as he has continually allowed glass out of the VIP area, told the DJ to keep playing after the licensable hours, has disregard for the Challenge 25 policy and overridden decisions of doorstaff on a number of occasions. Nathan also includes that no one apart from him was aware of the fire safety procedures at the premises and he has real concerns regarding the fire safety at the premises. His concerns have been passed on to the Fire Safety Inspector who tried to arrange a visit to the premises on the 22nd January 2014 please see additional information page 26 .
8. The last time I met with Nathan Hatter was the 11th December 2013 where he was particularly unhappy about the return of Jason Ranford at the premises. Nathan believed that a large amount of issues at the club were linked to Jason Ranford and that very few incidents had occurred during Jason Ranford's imprisonment. He was disappointed that Helene and Paula had accepted Jason Ranford back as though nothing had ever happened. Nathan also indicated at this meeting to me that he would be leaving the club in the New Year as he could not operate a premise that was run in such a way and that he was fighting a losing battle.
9. The premises now have a new DPS Lewis Robins following Nathan Hatters departure. Lewis Robins is in the position of Assistant Manager at the premises.
10. I was concerned when Nathan Hatter originally took on the role of general manager and DPS at the premises as he had never held the top position but he had

worked in nightclubs throughout his career so was used to the procedures required and how to deal with the inherent issues at a large capacity premises. The new DPS once again causes me concern due to his lack of experience. Lewis Robins has previously worked for a town centre premises, the Casbah. This premises is a small late night bar that often does not exceed numbers of 120 and has three experienced managers running it with at least one of those being present whenever the premises is open. Lewis Robin's role at the Casbah was as a member of bar staff and cleaner with no involvement in staff training, staff management issues, fire safety procedures and the general day to day running of a licensed premise.

11. I met with Lewis Robins on Monday 13th January 2014 and discussed various matters including staff training, his responsibilities as the DPS of the premises and the licence review. I highlighted that he should be familiar with the premises licence conditions as well as the mandatory conditions because as DPS he is responsible for overseeing that they are upheld. Lewis was asked for any upcoming dates of any events and stated that there were currently no acts booked in. The follow up email to this meeting is at Additional information page 27.
12. At the meeting I provided Lewis with an outstanding invoice for policing services provided to the premises for their two "all night events" that took place on the 19th October 2013 and the 16th November 2013. Condition 14 states that the premises licence holder shall assist the Police with the cost of policing any "All Night Event" that is held at the premises. This has not been complied with and remains outstanding. The invoice is provided at Additional information page 28.
13. Since the change of DPS the general manager role at the premises has been taken on by the three owners of the business, Jason Ranford, Helene Simpkins and Paula Harris. It is unclear as to how they are carrying the role out between them as

evidence from the investigation of Nathan Hatters arrest highlights that none of them were aware of the procedures undertaken at the premises.

14. A recent licensing check carried out by PC Best on the 17th January 2014 when the premises was open for a “nappy” underage night highlighted the poor standard of controls that were in place. At the same time as an under 18 night was being held a private party where alcohol was being sold was also going on in a different room of the premises. Door staff on duty highlighted to PC Best that there was no doorstaff on entry to either event to prevent entry from either the nappy night or private party entering into the other event. It was also made aware to PC Best by doorstaff that there were under 18s in the private party. For PC’s Best response please see additional information page 35.
15. This change in management also gives rise to concern as evidence produced by the former DPS shows that those that now hold the role of general manager have had little regard for the licence conditions attached to the premises licence and do not seem to comprehend the serious nature and the impact an application for a licence review can have on the premises licence. Jason Ranford is quoted in an article as stating that “reviews are not uncommon. A lot of the venues at the bottom of the town have had their licences reviewed”. In the year of 2013 Wiltshire Police made three applications for review. These three reviews were all based on test purchase failures and underage sales. Wiltshire Police do not apply for a review of a premises licence light-heartedly and it is seen as a last resort to deal with premises that are failing to uphold the licensing objectives. The article is produced at additional information p29-34.
16. Mr Ranford also made reference to the fact that large club nights were “difficult to supervise” and I am more concerned that this is the case in the hands of four

inexperienced persons at the premises. I ask that the panel further consider restricting the numbers at the premises to ensure the licensing objectives are upheld at the premises and to enable the four managers to have the necessary control required.

17. Over the past month it has become a matter of public record once again that the premises have had to pay staff out of their own pockets, have not paid rent and suppliers and have now decided to close the premises. Despite efforts by Wiltshire Police and Swindon Borough Council to contact the licence holders to find out their position with regards to the premises licence there has been no response. Wiltshire Police ask the licensing committee to revoke the premises licence due to the fact that those operating the premises have had little regard for the licensing objectives in the six months it has been operating and the fact that they no longer will be operating the premises at this location. Wiltshire Police has a duty of care to the public to make sure all entertainment venues are managed safely and in accordance with the law and under the current premises licence holders this is not the case.

Statement of truth

The facts stated in this witness statement are true to the best of my knowledge and belief.

Signed:.....

SIAN KALYNKA

Dated..5th February 2014.....

POL-20140101-0192 *54140000070 01/01/2014 02.30hours.

Report from Helene Simpkins that the DPS Nathan Hatter has stolen a substantial amount of money from the premises. The amounts of money alleged to have been stolen vary from £12000-14000 to £30000. There was very little knowledge about how much was contained in the premises and the investigation into the theft of monies has uncovered poor management at the premises.

Essentially the premises management eventually worked out that there was £3000 of takings missing from the club and £2400 of that had been banked by the DPS Nathan Hatter as owed wages. The disputed amount is that of £600. The officers investigating the case could find no dishonest intent from the DPS as he had been open as to when he was leaving for Spain, has taken money from the tills fully aware that he would be recorded doing so and has then gone on to put this money into his bank account.

Investigators actions Log entry - DC Lewis 02/01/13 00.35

I have now taken a statement from one of the company directors Paula Harris and I can only describe the running of the club as haphazard. While I was there they all seemed to contradict with each other on how the various procedures took place. In essence the manager of the club is Nathan HATTER and he is pretty much given free reign and has access to all areas and is in charge of opening up and locking up. He is also in charge of getting the till floats ready and then cashing up the money at the end of the night.

Nathan HATTER is in a position of trust and is one of four people that have access to the safe. Nathan was due in work at 2000 hrs on 31st December 2013 but failed to make it in on time as he had car issues and arrived at work at 2050 hrs. Prior to him arriving at work all the till floats had been done and out, nobody knows who did this and it could have been Hatter or the cashier XXXXX although she was not due in work. Paula Harris states that Hatter is paid in cash as he insists on this method of payment and he will submit an invoice and they either pay him on the 28th of each month. There does not appear to be a set procedure of how they pay the staff and it is possible that Hatter pays himself.

***A visit will have to be made to the Brunel Rooms tomorrow to speak withXXXXX the cashier as she knows where the invoices are all kept and how they are managed although I am told she is new and may not know things fully. None of the directors or Jason Ranford the deputy manager knew how the payments worked to Hatter

Jason Ranford is back at the club and he is a shareholder and deputy manager although not one of the directors. The discovery of the missing money was made when Jason Ranford went to the tills to take some money to pay the DJ and the

lighting engineer. The way this happens is the money is taken from the till and then an invoice is submitted into the till stating the xxx monies have been taken for xxx. This whole process is open to fraud whereby the person submitting the invoice could in theory take £1000 and only pay the DJ £500 but submit a £1000 invoice. The two directors Paula Harris and Helene Simpkins do not get involved in this process and in their own words they are usually at home by then.

Once both the suspects arrived at GX custody 2031 hrs then a search was made of their property and the following items were seized: a blue folder with items XXXXXXXX, a usb hard drive, a black i-pphone, white i-phone, two sims cards, white i -phone and cable and deposit slips for £2,480.

Investigators Actions Log Entry DC Collier 06/01/14 17.07

I have today called and spoken with Brunel Rooms Director Paula HARRIS and Helen SIMPKINS in order to update them and establish some facts.

I have advised them both that Nathan HATTER was not found in possession of any cash and that he had banked only £2400, it was not possible to simple take the money from the bank account.

I have advised that HATTER states he believes he is entitled to the money as wages owed for him and Miss xxxxxx. He took only what he was owed and no more.

SIMPKINS and HARRIS refute this and state he was only entitled to take a further £833 and that his girlfriend is paid by BACS and would have been paid over £1000 today.

Essentially this is a civil dispute over earnings, HATTER no longers works at the Brunel Rooms and had planned to leave when he did for some time, this is confirmed by conversations he had with Police licensing officer.

He points to conversations on his phone telling him to take his wages, clearly both from this and the statement of Paula HARRIS it is common place for HATTER to be encouraged to take his wages from the till/earnings/safe.

The only point really in dispute is what HATTER was entitled to take and what he actually took.

I was handed over to Jason RANFORD, RANFORD was very unhappy; he stated that he cannot understand why the suspect was bailed?! I explained why. He stated he was told that the suspect was in possession of cash and couldn't understand why this wasn't taken from him. I explained that he was not in possession of cash and I would confer with FIT about the possibility of cash seizure from bank account, or bank freeze.

On a number of occasions now I have asked to management team to provide me with detailed Financial information, ie: how much is actually missing? how much was HATTER owed? What proof of payments to HATTER do they have? Payslips? etc etc.

Helen SIMPKINS has agreed to provide me with this information and a statement at 1630hrs on Tuesday 7th January 2014 at 54DD.

I have discussed this matter with Ds Jones of the FIT, he has advised, based on information I have provided him that a bank account freeze application will not be granted and this is a civil matter.

Ds Jones will update OEL with his thoughts in due course.

I have also discussed this matter at length with Force Licensing Officer Sian KAYLYNKA.

Ben COLLIER 2265

Investigators Actions log entry 20/01/14 DC Collier

I have tried on a couple of occasions to contact Miss Helen SIMPKINS in order to advise of Ds Straker's decision to NFA Mr Hatter, I have been unable to get hold of her at this stage.

I will kepp trying.

Investigator Actions Log entry 20/01/14 DC Collier

I have now spoken to Helen SIMPKINS on the telephone to advise of the decision.

Most of the call was interrupted by Jason Ranford shouting and moaning in the background.

Miss SIMPKINS accepted the decision and said she would make a civil claim.

Tick if witness evidence is visually recorded ☐ (supply witness details on rear)

I am one of the two company directors for Brunel rooms LTD, 1 Havelock Square, SWINDON. I am involved into the day to day running of the business. I have a general manager named Nathan HATTER, Nathan has worked for me at the Brunel rooms since the 1st July 2013.

Nathan has worked at the Brunel room for a very long time since the age of about 16 and he is now 30 years old. He knows the building and the business really well and trusted him to carry out his duties. Nathan had a lot of control over the running of the club and he would open the club and lock it up.

Nathan was also responsible for cashing up at the end of the night and if it was a particularly busy night he would do some cashing up during the night. As part of his role Nathan has access to the whole building and he has access to the offices and this includes the safes.

There are only four people in the business that have access to the safe, myself, Helene SIMPKINS (director), Steve WHITHERS (CASHIER) and Nathan.

Continuation of Statement of:

Paula HARRIS

The club was open on 31st December 2013 for New years eve although it ^{was} a night being run by another outside promoter.

I was at the club on this date for New years eve but not really working, I was in the office doing a few things at the beginning of the evening.

The club was being run by Nathan last night and he was working from 8 o'clock to 5 a.m. in the morning. He was actually late into work and only arrived at ten minutes to nine.

Nathan is on a salary of £2,000 per month and this is a set fee regardless of how busy we may or may not be. Nathan is on the employee payroll and is a paid member of staff. Nathan is paid in cash and when he is paid he will sign something to document this, I do not know how this is done but are cashier staff WHITHERS should know. Nathan may actually pay himself from the money out of the tills.

Nathan was working until 5 a.m. when the club closed but at roughly 2.30 am Nathan could not be found.

Another employee of the club Jason RANFORD the deputy manager was going to pay the DJ and the lighting guy but when he went to the till he found a few hundred pounds in each till. This is odd as there should have been the night's takings in the till.

I went to check in the safe and found that all the cash bags were in the safe but empty. I looked

Continuation of Statement of:

Paula HARRIS.

for Nathan and could not find him anywhere in the club.

I then realised that there was a lot of money missing from the club. I have come back in the following day and after checking the automated system the club is down roughly £11,000. I cannot be more precise at this time as there are card transactions and cash transactions so this is a rough total.

I have a number of CCTV cameras in the club and the majority of the club is covered by CCTV. I have produced a copy of the CCTV from the room the safe is in as my exhibit PH/1.

At 7.25 pm I handed exhibit PH/1 to DC 1583 Lewis of Swindon CID.

I have also copied the till download of the night's takings and I can now produce these as my exhibit PH/2.

At 7.27 pm I handed exhibit PH/2 to DC 1583 Lewis of Swindon CID.

I cannot give any further detail at this time as I would need to speak with staff over cashiers to gain records. I fully support police action and no one authorised Nathan to take any money out of the club last night. PH/1

Two arrested at airport following New Year's Day nightclub theft

3:33pm Friday 3rd January 2014

By Beren Cross

TWO people have been arrested as they attempted to board a flight following the alleged theft of a five-figure sum of money from the Brunel Rooms nightclub on New Year's Day.

A 30-year-old man, believed to be Nathan Hatter, the club's general manager at the time, and a 23-year-old woman were arrested by police at Gatwick Airport at 9.30am on New Year's Day.

The Adver understands the quantity missing is in the region of £25,000, though this has not been confirmed.

Brunel Rooms has confirmed it is open for business as usual, without Nathan, who departed the business for undisclosed reasons on January 1.

A Wiltshire Police spokesman said: "Wiltshire Police were contacted following allegations of the theft of an amount of money from the Brunel Rooms club in Swindon.

"Further to police enquiries, a 30-year-old male from Swindon was arrested on suspicion of theft at Gatwick Airport on Wednesday, January 1, 2014. A 23-year-old woman, also from Swindon, was also arrested at the airport on suspicion of theft.

"Both have been released on police bail pending further enquiries."

Police target troubled nightspot

5:30am Thursday 9th January 2014

THE Brunel Rooms licence is due to be reviewed after Wiltshire Police raised concerns about safety at the club.

The review is expected to go to the next licensing committee meeting, where the future of the club will be considered.

In October, club boss Jason Ranford was jailed for six months for two counts of fraud and two counts of common assault.

Last month, manager Nathan Hatter was arrested at Gatwick Airport on suspicion of theft.

Ranford has since returned to work at the Brunel Rooms, and Hatter has been bailed pending further inquiries.

Coun **Michael Dickinson**, chairman of the licencing committee, said the review should come to committee when they meet in February.

"I have had notification that Wiltshire Police will ask for a review of Brunel Rooms' licence," he said. "The committee is likely to meet next month."

Licences may be brought in for review if they breach any objectives including the prevention of crime and disorder, public safety, the prevention of public nuisance, or the protection of children from harm.

A Wiltshire Police spokesman said yesterday: "Wiltshire Police has applied to Swindon Council for a licence review of The Brunel Rooms nightclub, due to concerns regarding crime and associated disorder.

"Wiltshire Police has a duty of care to the public to make sure all entertainment venues are managed safely and in accordance with the law. The hearing is listed for February 12."

Wiltshire Police has had concerns around the licence granted to the Brunel Rooms since July 2013, when they lodged a formal objection.

Their concerns included the potential spike in late night disorder in Havelock Square.

In her statement at the time Sian Kalynka, police licensing officer, said: "I first met with Helene Simpkins and Paula Harris on 26 April 2013. At that meeting it was clear the applicants had no experience of operating in licensed premises. It was further clear they had not considered the safety measures, policies and procedures that would have to be established.

"It is acknowledged that Helene Simpkins has since undergone a personal licence holder's course but still has no operational experience in premises.

"There was confusion as to the roles and responsibilities of each of the directors. Wiltshire Police are concerned that the day to day management appears to be under the control of two relatively inexperienced people.

"Nathan Hatter, although experienced in a subordinate position, has never held a role as a general manager, and is

unlikely to be supported adequately by his nominated deputy Jason Ranford, who has no previous experience or qualifications in such a vitally important role.

"It is a matter of public record that Jason Ranford has a number of convictions that make him unsuitable to work in such a position."

Co-owner defends bringing back fraudster

9:59am Thursday 9th January 2014

CO-OWNER Helene Simpkins has defended the Brunel Rooms' decision to welcome fraudster Jason Ranford back into the business. Ranford was jailed for six months for two counts of fraud and two counts of common assault in October 2013, at which point the club went to great lengths to distance itself from its former director. Ms Simpkins rang the Adver several times to insist he had nothing to do with the club.

A statement posted on the Brunel Rooms Swindon Facebook page at the time, read: "Mr Jason Ranford will have no future involvement with the operation of the Brunel Rooms."

Over the New Year period, images were posted on the social network which included Ranford, Ms Simpkins and co-owner Paula Harris, all representing the nightclub. And last week, when general manager Nathan Hatter was arrested in connection with an alleged theft at the nightclub, it was Ranford who made a statement on behalf of the club. Talking about Ranford's return, Ms Simpkins yesterday said the original Facebook statement wasn't her.

"That was Nathan making us say that statement," she said. "Nathan put that statement up when he was in charge. We let Nathan take over a little but obviously he's no longer involved with the club.

"Jason helps me bring the club up. He's not back as a director, just with promotions. He's trying to get people into the club, because he does know lots of people in Swindon. There are a lot of people that do like him."

In response to Ms Simpkins' comments, Nathan Hatter said: "The statement released on the club's social networks was a collaborative effort between all management under the direction of Helene and Paula.

"It was confirmed by them, that following Mr Ranford's sentencing, he would be written out of the business in terms of a lease holder and share holder, and that his directorship was only that of a title, which would subsequently be revoked."

--	--	--	--

Statement of: Nathan HatterAge if under 18: 30 (if over 18 insert 'over 18') Occupation: Unemployed

This statement (consisting of 3 page(s) each signed by me) is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated anything in it, which I know to be false, or do not believe to be true.

Signature: Nathan HatterDate: 03/02/2014
☐ X if witness evidence is visually recorded (Supply witness details on rear)

I am Nathan Hatter and I was the Designated Premises Supervisor and General Manager of the Brunel Rooms, Havelock Square, Swindon from 1st July 2013. My role as General Manager required me to run the premises on a day to day basis looking after staffing, running the premises at night, overseeing security and cashing up at throughout the night and paying staff and suppliers.

Whilst working at the premises I was in regular contact with the three directors Helen Simpkins, Paula Harris and Jason Ranford. As time went on the attendance at the premises became less frequent, instead of coming into the premises to work it was to come into the premises to socialise with their friends.

Jason Ranford assumed the title assistant manager at the premises and his role was supposed to make sure the bars were stocked and that the evenings were running smoothly and that the staff were all ok. However more often than not Jason Ranford would be behind the bar drinking or outside at the front of the premises and whilst he was stood with door staff at the entrance he would allow friends and acquaintances into the premises. Some of these were on pub watch bans at the time. Jason would often vouch for people at the entrance who would not be able to produce a valid ID to door staff and would then allow them entry to the venue. This is despite the premises having a challenge 25 policy in place and a requirement for the ID Scanner to be used throughout the night.

Jason would also allow entry to persons after the last entry time to the premises and this was a regular thing occurring at least once or twice a weekend. I would speak to door staff and they would make me aware of this fact as they were put in a difficult position as Jason would tell them to let people in even though they shouldn't.

Glass should only be used in the Gold Lounge at the premises and this was controlled by door staff at either entrance to this area. On several occasions my staff and I recovered bottles and glasses including champagne and vodka bottles from the main dance floor area of the premises where no glass should be allowed. Jason actively encouraged those customers that were spending a lot of money of an evening to take their drinks including glasses and bottles out of the gold lounge. I would come in to the premises from being outside at the entrance and would stop these customers and direct them back to the gold lounge. When these customers were asked to go back to the gold lounge they used to say that Jason said it would be ok despite us having a condition to not allow it anywhere else in the premises.

On New Years Eve there was complete disregard for this condition as myself and Ayesha Martinez and several security recovered over 20 bottles and constantly sent people back to the gold lounge where Jason had told them it was fine to come out. On New Years Eve all three directors were present at the premises and were all drinking in the gold lounge with friends which was normal behaviour for a large event night at the premises.

I would start closing down the venue once doors had closed and shut down till by till. It would often get to the point that the last tune would be playing and Jason would tell the DJ to continue playing and turn the lights back down in the premises. This would be after the 0400hours when the premises would have to stop playing music.

On one occasion being Christmas eve I had to send the technician upstairs to the amp room to shut off the main power so that the music would end after Jason had instructed the DJ to continue playing. Jason on this night arrived at the premises late having been to an event elsewhere. Jason was drunk when he got to the premises and came to the front door for a while and was then also inside. The first thing he asked when he got to the premises was a racist comment to

Signature: Nathan HatterSignature witnessed by: [Signature]**RESTRICTED** (when complete)

Page 217

RESTRICTED (when complete)Continuation statement of Nathan Hatter

another member of staff asking where I was he said to the technician "where is that black cunt". When he was told that I was on the front door Jason replied "I couldn't see him blending into the background of the dark".

I found it increasingly difficult to manage the premises when the directors were showing complete disregard for the licence conditions that we have to adhere to and it was a constant challenge to run the premises properly and in accordance to the law. I would suggest ways of doing things that I know are correct due to past experience and they would want to do something completely different.

On most evenings we have an average of ten door supervisors to ensure the premises is run safely and to deal with any incidents inside the premises. On a number of occasions if Jason heard something on the radio he would go straight to it to get involved in the incident. This will include him shouting and swearing at the customers whilst door staff are trying to deal with the situation. On one occasion he grabbed a customer by the throat due to some face book issues that had occurred whilst Jason had been in prison and security had to become involved and eject the customer. Another occasion we were stood at the club entrance and security were ejecting a male. Jason shouted "get the fuck out of my club" I felt that this was completely unnecessary and could have provoked an incident.

One incident Jason become involved in led him to being convicted of an assault and as a result this saw him spend some time in prison. Following this assault I attended the police station with Helene and Paula and met with the licensing officer Sian Kalynka and Inspector Burt. At the meeting they made excuses for Jason and I was disappointed that despite them knowing the negative impact he has on the business they were making excuses for him to be there. I made it clear that I did not think he was good for business and I made this clear to Wiltshire Police, Helene and Paula and the rest of the staff.

After the meeting with the police I met with Helene and Paula and was told that they would write him out of the business and that he had written himself out of being a shareholder, I passed this information onto the police Licensing officer. They again confirmed once he was in prison that he was out and gone from the business.

During the 8 weeks that Jason was in prison the running of the venue was a lot easier and I was allowed to do my job and run the venue as it should be done. Helene and Paula at this time also took a back seat and allowed me to run the business on a day to day basis.

On Jason's release I saw Jason's face book page that he was out and was advertising what was going on at the club that weekend. At that point I tried to speak to Helene and Paula and they wouldn't speak to me about it at all and said that Jason wanted to speak to me by myself. I met with him the next day and he said I'm back and there isn't much I could do about it. He said he was still a leaseholder and share holder and would resume his position. It appeared that he took his role back at the club as though nothing had ever happened and it was clear that Helene and Paula had no intention of doing anything about it at all.

On the very first night the club was open after his return conditions were being broken.

The last entry time was ignored, Jason was drinking whilst at work, people were drinking after hours and I once again found the premises hard to manage.

I was stood on the door with Andy Anderson the head of security and we had the discussion that we couldn't believe how quickly things had changed and deteriorated as soon as Jason had returned.

I met on a monthly basis with the police licensing officer Sian Kalynka where we would discuss the incidents that had occurred throughout the month. Many of the incidents seemed to focus around Jason and his behaviour and I passed this all back to Jason, Helene, Paula and Aaron Woolford the Event Manager. I relayed the issues and told them what we needed to do to sort the issues. It seemed that it was only ever me that wanted to push forward and solve the issues. They did not appear bothered at the polices issues.

Before we opened the premises I made contact with the Fire Safety office to make a visit to ensure that we were all up together and safe and ready to open. On this visit he made a few recommendations and work that needed to be carried out along with a time frame of when he would be back. These fixes were made on the morning of his next visit and on that visit some further things were picked up and also those larger jobs that had not been fixed following his first visit. The directors would not pay for the bigger jobs to be done and as far as I am aware to this day they have not been done. This includes fixing sensors which have disabled part of the detection system, there were extra exit signs required downstairs in the premises to help get people out of the premises safely and about 50% of the emergency light system is faulty and they would not pay for this to be fixed. As part of my role as general manager I had to complete the weekly fire tests at the premises. I was the only one that knew how to do this and it would not have continued in my absence from the premises. I was also the only person that knew how to operate the fire detection panel system and this could go off causing alarm and panic to those at the premises.

RESTRICTED (when complete)

RESTRICTED (when complete)Continuation statement of Nathan Hatter

I left the premises on the 1st January 2014 at approximately 0300hours when I was supposed to work until 0500hours I made the decision to leave early because I had heard yet another story about who was going to replace me at the premises and that it would be run by them for the next year with Jason as general manager.

I presumed that this would be by making me redundant with the old company and then changing the license and lease over to a new company.

On that evening I had closed the front door and cloakroom and took that money up to the safe and went out to the bar 3 and collected the notes and counted out my pre agreed wages and paid another member of staff Ayesha her wages and then left the premises. I had been told I could take the rest of my wages on that night in text by Jason. I had been paid in cash from the nights takings since September.

Only the first months wages were paid into my bank account. I had planned to leave that morning for my holiday to Spain and was stopped at Gatwick Airport and arrested for theft. I have been cleared of this theft and was able to show that I had taken my wages and the police have stated they will not be investigating this allegation any further. I had planned to leave when the rumours of my replacement had started and when I could see that it was going to be the end for the club.

Throughout my time as general manager at the club they paid all suppliers and DJ's cash on the evening and all the bar crew were paid into their banks by manual transfer and not a business payment. The three directors would send the sheet with staffs hours on off to the accountant who would then send back a sheet with payment amounts which included payment of Tax and national insurance amount and wages. The directors did the wages to the banks and I would do the wages for those self employed at the club I was never aware that any tax or national insurance was paid by the company on those wages.

I was supposed to pay suppliers to the club however the directors would not allow me to release payment to them. This got to the point where we were using one supplier for drinks and because of non payment they refused to deal with us anymore and we had to go to another drinks supplier. The sound system was hired and they were not paid so they took that back and I was constantly being chased by suppliers for payment. All invoices were emailed to all three directors and a paper comply was also made and put in the unpaid folder. Anything particularly urgent was presented to them in person but the majority of this was ignored.

It is my opinion that these three directors have opened the premises as a bit of fun and not as a legitimate business. I believe that this is wrong and that they have complete disregard for local suppliers and the people they employ as they have not had to deal with the backlash of this. All they have been worried about is there next party. I believe that all three are unfit to run a licensed premises and no idea what it takes to run one that is safe and legal which is why the premises is currently closed due to lack of experienced management.

Dear Sir/Madam

FAILURE TO ATTEND FIRE SAFETY INSPECTION

The Regulatory Reform (Fire Safety) Order 2005

Premises: Brunel Rooms, 1 Havelock Square, SWINDON, SN1 1LE

A fire safety inspector visited the premises on Wednesday 22nd January 2014 at 1030hrs with a view to carrying out a fire safety audit. This audit was pre-arranged with Paula Harris and a letter of confirmation was sent dated 17th January 2014. A copy of this letter is attached for your information.

The inspector waited outside the premises until approximately 1050hrs however no-one arrived to allow access. Attempt was made at the time to contact Mr Robbins' mobile (07818 421999) however each time the call was diverted to voicemail.

Several attempts have since been made to contact you on both the landline and mobile phone numbers you provided but have proved unsuccessful.

You are required to contact this office urgently, to make arrangements to confirm a suitable date and time for this audit to be undertaken.

Tel: **01793 401240**

Subject: Meeting [NOT PROTECTIVELY MARKED/UNCLASSIFIED]

NOT PROTECTIVELY MARKED/UNCLASSIFIED

Lewis,

As promised when we met the details of the pubwatch banning system can be obtained via Tim Paradise at Inswindon. Email timparadise.tp@gmail.com mobile 07557338043.

A brief summary of our meeting on Monday 13/01/14

- We discussed the role of DPS and the fact that any breach of conditions is likely to be prosecuted. You will need to make yourself familiar with the conditions attached to the licence and those conditions that are mandatory conditions outlined in the licensing act 2003. As DPS you will be responsible for any of the breaches that take place at the premises.

- Training was discussed and you seemed to have an idea about what you want to do at the premises with regard to training. It was mentioned that a full staff training session should be carried out every 3 months and this is likely to be required very soon. The training material that Nathan had left was from Luminar and generally of good standard so see no reason to stop using it.

- the review was mentioned and I stated that if you had any further questions about anything in it to contact me.

- you were given an invoice for outstanding payment of police services for the "all night" events that have taken place at the premises. It was highlighted that we would not support another all night event until this invoice has been settled.

- I didn't discuss the incidents that have taken place at the premises in December as you have only recently returned to the Brunel Rooms. As I did with Nathan I would like to meet with you on a monthly basis to discuss any issues that arise each month. I have pencilled in a meeting in my diary for **Monday 3rd February at 2pm**. Please let me know if this is not suitable and we can pick another day.

- If you could send me any events that you have planned in on a regular basis that would be appreciated so that we know where and when we need to direct staffing to particular premises.

If you have any questions re the above please let me know and my contact details are below.

Many thanks

Brunel Rooms to have licence reviewed following safety concerns raised by Wiltshire Police

Written by Rebecca Wood

1

Photo: Jason Ranford pictured with Paula Harris

"I have made mistakes and I have paid for them," says Brunel Rooms Director, Jason Ranford, following the news that the Swindon nightclub is to have their licence reviewed after safety concerns were raised by Wiltshire Police.

The review will take place at the next Licensing Committee meeting, which is due to be held in February, according to Councillor Michael Dickinson, who is the Chairman of the Committee.

Wiltshire Police have had concerns regarding the licence granted to the Brunel Rooms since July 2013.

A spokesperson for Wiltshire Police said "Wiltshire Police has applied to Swindon Council for a licence review of The Brunel Rooms nightclub, due to concerns regarding crime and associated disorder."

Just two months after the Swindon club opened, Director, Jason Ranford was jailed for two counts of fraud and two counts of common assault. He has since returned to work at the Swindon nightclub.

When asked to comment about the licence review, Jason Ranford told FLIC Wiltshire: "Reviews are not uncommon.

"A lot of the venues at the bottom of the town have had their licences reviewed.

"The Brunel Rooms is a big venue. We have had five or six events where there have been 1200 people at the club at one time, which is always going to be difficult to supervise."

Jason went on to say that all three Directors of the club, who have taken legal advice following the news of the licence review, wanted to work alongside Wiltshire Police to ensure that the club was a safe environment for the thousands of club-goers who regularly attend events at the venue.

"We want to work with the Police and have taken steps to ensure that stricter measures are in place."

On New Year's Day the club's General Manager, Nathan Hatter, 30, was arrested at Gatwick Airport on suspicion of theft, along with a 23-year-old woman. Both were released on Police bail pending further enquiries.

Jason confirmed that the Nathan Hatter was no longer employed by the club and added that a new Assistant Manager had been appointed following his departure: "We have employed a new Assistant Manager who brings with him a wealth of experience in the industry.

"Lewis Robins has worked for five years in the pubs and clubs industry and will also take on the role of Premises Supervisor, whilst the Manager's role will be split between myself and the other two Directors, Helene Simpkins and Paula Harris.

The club's owners were also anxious to dispel rumours that that the club may close. Jason stated "We are not closing.

"We have some big promotions and acts booked as far ahead as May."

Brunel Rooms' bosses pay workers out of own pockets after threats to quit jobs

5:30am Thursday 16th January 2014

By Dominic Gilbert

STAFF at the Brunel Rooms have walked out in a dispute over wages after the club's managers said there was no funds to pay them.

People who have been working at the club since it opened last year say they are frustrated with the company. Some have quit and are seeking legal advice.

Management have since decided to pay employees out of their own pockets to avoid any further problems.

They say problems with cash which was taken from the club recently and a poor trading weekend left them without the ability to pay staff in full.

Shaun Baxter, 20, a former bar supervisor, had been working there since August but left this week.

"The issue with pay has been going on for a couple of months now," he said.

"People haven't been paid in full or have been paid late.

"Some staff have received half wages but that is not going to go very far.

"I do not want to be a part of this any more because it is quite embarrassing."

Bar supervisor Gemma Le Gallez, 20, has worked at the Brunel Rooms since the start, and considered quitting.

"They have never paid us on time," she said. "I told them I refused to work until I get my money. If they want people to come into work they have got to pay them.

"Some people have had to move back to their families because they can't afford to live here.

"One member of staff has not eaten since Sunday because she has not got any money to buy food.

"We have been given cheques for the right amount but whether they clear we have to wait and see.

"We got to the point where if they did not get this sorted I would have had enough."

Jason Ranford, the general manager of the Brunel Rooms, said management were working hard to turn around their fortunes after cash was reported missing from the club on New Year's Eve.

Former licensee Nathan Hatter was arrested and bailed on suspicion of theft.

"There is money missing from the club since the incident during the New Year, and because of that the staff were only paid half their wages," he said.

"All staff have now been paid. We have had to put in some personal funds, and the three of us, myself, Helene and Paula (directors), have had to take it out of our own pockets.

"Some of the staff have been in already to pick it up.

"They were made aware by social media yesterday afternoon, and five or six have collected their money.

"We are not proud of the situation, but if the events of New Year's Eve had not happened we would not be in this position.

"Helene and Paula have put thousands of pounds into this business, and it has got to the stage where we have contemplated closing.

"I can understand where the frustration is coming from, but we have the backing of 80 per cent of our staff.

"Nothing is going to change with the club. We will still be open in February, and it will still be the Brunel Rooms. We are confident we will get through the licence review.

"A couple of people have quit and we wish that was not the case.

"We are putting a huge effort into this, having regular meetings with the police and have appointed a new designated premises supervisor."

NIGHTSPOT'S TROUBLED PAST

- August 2013: The opening night of the re-launched Brunel Rooms attracted 1,800 clubbers, reaching capacity.
- August 2013: The club announced that BBC Radio One DJ Charlie Sloth would be their resident DJ, to front its Kiss nights on Thursdays.
- August 2013: John Norman, an original founder of the Brunel Rooms and its revolving bar met the new owners.
- October 2013: Jason Ranford, of the Brunel Rooms at the time, was convicted on two counts of fraud for taking deposits worth more than £1,000 for rental properties, with the intention of depriving his victims of their money.
- October 2013: Ranford was jailed for five months after committing fraud while breaching a suspended sentence for common assault.
- October 2013: Ranford was disassociated from the Brunel Rooms following his sentence.
- January 2014: Two people, Nathan Hatter, and a 23-year-old woman, were arrested as they attempted to board a flight at Gatwick following the alleged theft of an unknown amount of money from the Brunel Rooms.
- January 2014: The club's licence due to be reviewed in February after Wiltshire Police raised concerns about safety at the club.
- January 2014: Co-owner Helene Simpkins defended the decision to welcome Jason Ranford back into the business.

Staff pull together for 'troubled' nightspot

Written by Andrew Steele-Davis

1

Photo: Brunel Rooms Directors Jason, Helene and Paula.

After enduring numerous negative headlines the popular Swindon nightspot, the Brunel Rooms have now received praise from their loyal staff.

FLIC Wiltshire have been contacted by Jools Oliver asking for "something positive to be written for a change" after the club management have suffered from constant negativity from the press and also a theft from the club already this year.

He continued to say "the staff have deferred part of their salary in order to allow the club to operate throughout the police investigation" although FLIC Wiltshire now understand that all staff have been paid in full.

Jools went on to say that "the Brunel Rooms are like an extended family and we continue to stick together throughout the negative times."

After contacting the Brunel Rooms, Club Spokesman Jason Randford has confirmed that "all staff have

been paid and would like to thank everyone for their loyal support."

Jason continued to say "whilst the police investigation is still ongoing it's nice to work with great staff who stick by you."

FLIC Wiltshire spoke to Kimberley Bennett, a member of the Bar Support Staff at the Brunel Rooms who went on to praise both the management and the club.

"I can confirm I have been paid in full and would like to praise the club management who are good people to work for but due to the negative headlines are never given a chance."

The Brunel Rooms would like to let everyone know that throughout the month of January they are only open on Saturday's and will be back to a full operating schedule in February with some big names to be announced.

I have just conducted a licence check of the venue.
And the following has been observed.

2 door staff on duty to the front of the premises one male, one female a further one door staff roving on the premises. (third person not seen)

Head door staff has stated that tonight there is a private party on the first floor, selling alcohol and no one on the door to prevent any persons from either the nappy night or private party entering into the other event. In the private party there are also a number of under 18's.

Whilst at the door we saw no persons being searched with the metal detector but in fairness all persons entering where from the private party having had a cigarette.

No persons going into the nappy night entered whilst at the door.

In the nappy night venue all the optics where seen to removed and no signage for any alcoholic beverages on show in the nappy night venue.

Door staff also pointed out the factor door staff are on duty till 22.30 hours, and have not been approached to stay on any later.

Door staff state that as of 22.30 hours the front doors which are the fire doors will be left open with no persons on control of entry.

Night shift will be appraised to attend after 22.30 hours to check this to be the case.

NOT PROTECTIVELY MARKED/UNCLASSIFIED

Hello,

As you are on this evening would you be able to task someone to the Brunel rooms for their nappy night to conduct the following check in accordance with their conditions.(think they shut at 22.00hours so will need to be done first thing.)

46. When any under 18 nappy night event is held in the premises
- i) there shall be a minimum of 1 female door supervisor on duty from the start of the event until the premises closes.
 - ii) All persons will shall be searched using a metal detector when entering the premises.
 - iii) No persons shall be permitted to enter the premises if there is any sign that they have been drinking.
 - iv) All pumps and optics shall be covered to ensure that no alcohol is exposed for sale in the premises.
 - v) The premises shall close at 12 midnight.

NOT PROTECTIVELY MARKED/UNCLASSIFIED

From: Dave Wood [xxxxxxx]
Sent: 13 January 2014 15:44
To: Kathryn Ashton
Subject: Re: Brunel rooms

Thanks Kathryn.

I feel strongly on the following two points:

1. The club should not employ anyone with a criminal history in any capacity, and this should be written into the license
2. The opening hours should be severely reduced now that the Regents Circus development is underway. A club in town centre open until late at night will attract the pub crowd from Old Town when the pubs shut. The permeability of the Regents Circus development means that it is now the most direct way to walk from Old Town to Town Centre, along residential streets. Drunk people walking along residential streets at 2am have a track record of causing anti social behaviour and damaging property as they move through. The opening and last entry times in Town Centre should be harmonised with Old Town to stop the late night migration between the two that causes misery to residents

Thanks
Dave

Gilly,

Thank you for your e-mail.

I have forwarded your e-mail to the Council's licensing officer and the committee clerk responsible for licensing meetings, who are responsible for ensuring the reports are prepared and presented to the review panel.

As I am due to serve on this review I am unable to comment on this as it could be prejudicial to the outcome of the hearing.

Regards,

Michael Dickinson

Subject: Brunel Rooms - Complaint

Dear Michael, I wanted to express my view that the licence of The Brunel Rooms should be withdrawn on the next review meeting.

Since the club has been open, there has been nothing but noise, violence and disorder in the early hours, which clearly cannot be contained by the club and it becomes too much to stretch our local police force into a waste of resources chasing after drunken yobs who get drunk on cheap drink offered by a club whose only interest is trying to make money and no regard for the environment or our young people.

Further I CANNOT believe the recent comments by the co-owner Helene Simpkins to bring back the convicted violent fraudster Jason Ranford. This person in October was jailed for six months for two counts of fraud and two counts of common assault. The comments by Mrs Simpkins that he brings back business is astounding!! ***"Jason helps me bring the club up. He's not back as a director, just with promotions. He's trying to get people into the club, because he does know lots of people in Swindon. There are a lot of people that do like him."*** This is after stating in the Swindon Advertiser (with repeated phone calls to them reported), **that following Mr Ranford's sentencing, he would be written out of the business in terms of a lease holder and share holder, and that his directorship was only that of a title, which would subsequently be revoked."** Checking companies house clearly stated he was a director at the time ([see link here](#)). A blatant lie!

Lastly, the recent arrest [of the manager of the](#) establishment brings the whole question of how can these people be allowed to take money from the public?? Another criminal being able to run a business. We need to protect our young people from those who just want to line their pockets with their dishonest ways.

The above clearly draws a huge question over the integrity of the management. The facts are **1)Employing criminals 2)Dishonest facts stating that employees are not directors 3)Other management involved in criminal activities.**

I cannot believe that the police allowed these people to set up and they were given a licence by the council. I amazes me. ***In her statement at the time Sian Kalyinka, police licensing officer, said: "I first met with Helene Simpkins and Paula Harris on 26 April 2013. At that meeting it was clear the applicants had no experience of operating in licensed premises.***

Please acknowledge this email and as a resident I look forward to the committees decision to close the Brunel Rooms and take my views and the views of many others into account.

Kind Regards

Gilly
Resident
