Dear Lionel

**Re: Swindon – Street Trading Policy**

Many thanks for your letter of 23<sup>rd</sup> April which we have considered.

I would advise that we are supportive of the principles of the revised proposals that you outline, subject to strict control over the permitted uses, and more importantly, presentation of the individual operations permitted onto the licensed sites. I say this particularly with regard to Wharf Green, given that the area is recently refurbished and it's close proximity to House of Fraser and other prime stores.

Yours sincerely
