

## **The Day After Tomorrow: Teacher's Video Sheet**

**The story:** When global warming triggers the onset of a new ice age, tornadoes flatten Los Angeles, a tidal wave engulfs New York City and the entire Northern Hemisphere begins to freeze solid. Now, climatologist Jack Hall, his son Sam, and a small band of survivors must ride out the growing super storm to stay alive.

**Topic:** Christianity - The Environment

**Year:** 7

**Lesson number:** 2

**Start clip:** (2 minutes 59 seconds) American flag flying.

**End clip:** (11 minutes 34 seconds) After hailstones scene, camera focuses on mobile phone.

**Setting For the clip:** Jack Hall attends a global warming conference in India to try and get the support to do something about global warming. While this takes place we see evidence of climate change taking place in Japan, India and the Northern hemisphere.

**Suggested questions:** What is global warming? What is climate change? What are the effects of global warming? What are the different opinions on global warming shown in the clip?

**Length of clip:** 8 minutes 35 seconds
