

Kathryn, I believe the pub the Queens Tap has applied for an extension to its licence to be open to 2am, as a resident I would strongly object to this extension, the noise from the pub at present disturbs residents in Isambard place, an example of Karaoke being sung very loud on the Tuesday 21/5/13 until 2am, I don't think the pub was open, I guess that it was a lock in, but this noise level is a regular pain to all of us that live in the area
