

Blunsdon Parish Council response to consultation on the Council's Codes and Protocols

- Ward members relationships with Parish Councils are not mentioned in any detail in the Protocols or Codes of Practice. Localities are mentioned but Parish Councils seem neglected.
- In your (the borough Council's) Members Planning Code of Practice the 'Dos' and 'Don'ts' are mixed together rather than set out separately. As some members in the past have sometimes mixed them up, for clarity, it would be better to separate them into clear 'Dos' and then 'Don'ts'.
