Reason

- 1 This indicates a function provided within a Parish by the Borough Council, which has not been charged specifically to the Parish concerned. These costs have historically been charged as a general expense and it is proposed that this should be continued.
- 2 These are sites provided and maintained as part of the strategic aim of the Council to enhance the overall environmental look of the Borough and to improve the quality of life for people seeking a more leisurely way to spend their spare time. Sites set aside for football, cricket and similar games are part of the Council's strategy to encourage outdoor sports and are therefore included in this category.
- 3 Play spaces used for informal play, which incur inspection and maintenance costs.
